## Population boom is major problem: Mosharraf

BSS, Dhaka

Health and Family Welfare Minister Dr Khandaker Mosharraf Hossain said yesterday that population explosion is the major obstacle to the economic development of the country.

Sustainable development and poverty alleviation programme would be hampered if population growth could not be checked in a planned way, he said.

The health minister was speaking at a publication ceremony of a book entitled "Population Research, Environmental Conservation and Economic Development" by Professor Emeritus AKM Kafiluddin and NIPSOM auditorium at Mohakhali.

Environment and Forest Minister Shahjahan Siraj attended the function as special guest.

Presided over by Director General of Health Services Prof ABM Ahsanullah, the function was also addressed by National Professor Dr Nurul Islam, Chairman of Tele-

communication Regulatory Commission Syed Margub Morshed and WHO representative in Bangladesh Dr Suntee Acharya.

The health minister said, population growth, environmental conservation and economic growth are inter-linked. Mass awareness regarding these factors should be created and at the same time far-sighted steps are necessary to achieve the objective, he added.

He expressed the hope that the book would be very useful for researchers, planners, teachers, students and environmentalists. Later, the minister unveiled the cover of the new book.
