**CPB to launch movement against war criminals**

UNB, Dhaka

The Communist Party of Bangladesh (CPB) has decided to launch a movement against the war criminals and killers of 1971 and demand a ban on the activities of communal forces.

The party alleged that it was also fanning up communalism, plundering wealth and politicising administration and all institutions. "Even religious places are being grabbed by anti-liberation Jamaat-Razakar axis and war criminals."

Besides, it said, price hike of essentials, load-shedding, water crisis, environment pollution and deterioration of law and order situation have made the public life miserable.

"The rise in killings, assaults and repression on opposition leaders and workers indicates a fascist rule," the meeting said.

"Although the BNP founded by freedom fighter Ziaur Rahman got two-thirds majority, it is striking at the spirit and very foundations of the Liberation War," said the CPB leaders.

The party alleged that it was also fanning up communalism, plundering wealth and politicising administration and all institutions.

According to a recent report, 246 million children - one in every six children aged 5 to 17 are involved in child labour.

Among its startling findings, the report also revealed that one in every eight children in the world is still exposed to the worst forms of child labour which endanger the child's physical, mental and moral well-being.
