# Cawley refutes drug claims

### AFP, Sydney

Australian tennis great Evonne Goolagong-Cawley has defended women's tennis against drug allegations.

Australian Sports Drug Agency chief executive John Mendoza said last week performance-enhancing substances were rife in women's international tennis and authorities were living in a "fool's paradise" if they did not recognise the problem.

Australia's Fed Cup captain Goolagong-Cawley, a winner of seven Grand Slam titles, said all women players, including Australians, were being unfairly tarnished by the drug claims.

"They have no evidence," she said on Thursday from Wollongong where her national team faces the Netherlands this weekend.

"We have a great record. That's more or less saying that Australian women are on drugs which is a little unfair really

"Really, it's not good for women's tennis at all particularly here in Australia and we've got a great record.'

Goolagong-Cawley said there had long been powerful players in the game, particularly since the 1960s with compatriot and former rival Margaret Court one of the first players to train in the avm.

"In every generation you're going to have some players that seem stronger." she said

"It's the norm nowadays. With the amount of tournaments they play today you've got to be strong and have that strength to keep going

"And with the more powerful racquets now the balls are coming off faster so you have to be quicker and stronger to get there and be able to do something about it.'

Gustavo Kuerten's return to claycourt tennis was delayed yet again on Wednesday after a third straight day of frustrating rain all but wrecked the programme at the 500.000-dollar ATP tournament here

> With little option but to soldier on and hope for a break in the miserable weather, officials were forced to call off play in mid-afternoon as the heavens opened again. Only ten of 16 first-round

matches have been completed with only three second-round line-ups decided following this week's torrential rain. The Centre Court of the

Weissenhof club was flooded shortly after top seed Jiri Novak of the Czech Republic completed a comeback against Spanish qualifier Ruben Hidalgo 3-6, 6-0, 6-2.

Novak reached semi-finals at the Australian Open and the Rome Masters and stands tenth in the Champions points race but is still seeking his first title of the season.

Less than five minutes after the seed's first-round win, the rain which had already interrupted play in late morning, returned to lay siege to the venue for the rest of the day. Officials wearily called for

another 1000 start Thursday with only vague hopes that the situation would improve Kuerten, the three-time French

Open winner, has not played a match in more than a month after losing in the fourth round at Roland Garros to eventual champion Albert Costa of Spain

### **FIFA SHOULD ACT**

FIFA should ensure that club competitions and league matches held in Europe finish at least one month before the World Cup kicks off. The lacklustre performance of many star names was one of the main reasons why some major teams were knocked out of the World Cup. The busy European season was blamed for the burnout of top players and teams.

FIFA should also consider holding the World Cup tournament after every three years, instead of the present four because many stars and superstars lose form in four years. Besides, it is an agonising wait for us viewers and fans!

There could also be a fourth referee like the third umpire in cricket, who could give a final decision examining video replays in difficult and controversial situations. -- Dr K.M. Saiful Islam is a profes-

## Hackett sets new mark

### AFP, Sydney

Australian Grant Hackett broke the world 400 metres freestyle shortcourse record with a time of three minutes 34.58 seconds at a grand prix swimming meet here on Thursday.

Hackett bettered his previous world record of 3:35.01 set at the world shortcourse championships in Hong Kong in April 1999.

It was the reigning Olympic 1500m longcourse champion's 11th individual world record.

Hackett leaves with the Australian swim team on Friday for an eight-day camp in Germany before competing in the Commonwealth Games in Manchester later this month.

Moshin trailed with 107, 37 and 32. BNS Issa Khan also won the water-polo event defeating BNS Titumir 3-1 in the final.

Chief of Naval Staff Rear Admiral Shah Igbal Mujtaba witnessed the final day's action and later gave away the trophies.

"Murali played on his own and reports that he played under pres-sure is not true", Schaffter said.

Muralitharan, who has 420 wickets in 75 Test matches, missed the first Test at Lord's due to a shoulder injury. The prolific spinner played the

While Guevara looks to have the simplest task given the absence of Olympic champion Cathy Freeman and Briton Katherine Merry, the other trio all have rivals capable of upsetting their plans.

world titleholder is running at the moment it would be a major surprise if he did not move on to the Zurich meeting next month unbeaten.

Jones skipped Stockholm earlier in the week to concentrate on maintaining her unbeaten Golden League record in which she will face Jamaica's Olympic bronze 100m medallist Tayna (eds correct) Lawrence and veteran compatriot Chrvste Gaines.

However her conqueror from last year's world championships Zhanna Pintusevich-Block will again give the Golden League a miss - just as she will the European Championships - despite her success in Stockholm earlier this week.

The ageless Devers looks as good at 35 as when she won her first 100m flat Olympic title in 1992 and thus far hasn't been troubled by the woman who edged her for the world title last year Anjanette Kirkland.

However Devers has seen enough in her glorious career which has failed to yield a 100m hurdles Olympic title to realise that defeat can come at the strangest times. "Having stumbled at the last hurdle in the 1992 Olympic final when within sight of the double I am prepared for anything and Anianette knows I am not unbeatable," she said.

The men's sprint will see Maurice Greene bid to win his third in a row, though the bonus chance disappeared when he was beaten by Dwain Chambers in the Oslo opener

However his arch-rival Tim Montgomery got back on the winning trail in Stockholm on Tuesday and will be desperate to land a blow on the Kansas Comet, who edged him out of the world title last year.
