

Scouts launch anti-dengue campaign

An emergency meeting for the prevention of dengue fever was held at the National Scout Headquarters in the city yesterday to create awareness among the people, says a press release.

The meeting was presided over by M Fazlur Rahman, Chief National Commissioner, Bangladesh Scouts and Secretary, Ministry of Health and Family Welfare.

Principals and teachers of dif-

ferent colleges, doctors and entomologist spoke in the meeting. 60 principals and college teachers attended the meeting from various government and private colleges.

Some major decisions were taken at the meeting for the prevention of dengue fever all over the country.

Under the programme, the scouts and rovers of various

schools, colleges, universities, and madrassah's will actively take part in cleaning their own educational institutions to eradicate aedes mosquito, vector of dengue virus.

They will also create awareness among the common people by organising rallies and distributing leaflets published by Bangladesh Scouts on dengue fever and its prevention.

The scouts will also donate blood for the dengue affected patient. Interested rovers, scouts, ex-scouts and blood donors have been enlisting their names in the National Headquarters, Bangladesh Scouts.

An emergency control room has been opened at the National Scout Bhaban. Its phone number is 9333651.
