Help new generation to know about Bangabandhu

STAFF CORRESPONDENT

Speakers at a meeting in the city have urged all political parties including the ruling BNP to help create opportunities for the new generation so that they can know about the founder of Bangladesh, Bangabandhu Sheikh Mujibur Rahman in real perspective.

He said Bangabandhu was the only leader of the country who represented the whole nation for his immense love for the common people. He gave the Bengali nation an identity by establishing an independent Bangladesh.

The meeting was held in memory of Bangabandhu Sheikh Mujibur Rahman on the occasion of his death anniversary at the Institution of Engineers' auditorium on Wednesday. Presided over by Prof Khan

Sarwar Murshid, the meeting was addressed by Dr Kamal Hossain, Prof Rehman Sobhan, Dr Mosharraf Hossain and Tasmina Hossain

Prof Anisuzzaman presented a keynote paper at the memorial meeting.

In his paper, he highlighted the glorious political career of Bangabandhu Sheikh Mujibur Rahman and said he has already got an immortal position in the country's history. Bangabandhu is second to none, he added.

Dr Kamal Hossain in his speech recollected the glorious life of Bangabandhu and said with the love of general people he became the leader of the nation.

He said the unprecedented unity of Bengali nation in 1971 was possible only due to his competent leadership.

Dr Kamal Hossain suggested that in order to get rid of the present deteriorating situation of the country, the constitution of 1972 should be revived.

Prof Rehman Sobhan said we must remember that it was Bangabandhu Sheikh Mujibur Rahman who was the architect of an independent and sovereign Bangladesh. So the debate who made the declaration of the country's independence is an irrelevant issue, he added.

Prof Mosharraf Hossain said there was no political leader in the country like Bangabandhu Sheikh Mujibur Rahman even after 27 years of his death. He was the real leader of the people who always tried to fulfil their hopes and aspirations although he was not beyond errors.
