Khaleda, Megawati vow at banquet

UNB, Dhaka

Visiting Indonesian President Megawati Soekarnoputri and Prime Minister Khaleda Zia yesterday reiterated their strong stand against all kinds of extremism and terrorism.

Both leaders also expressed their firm belief in tolerance and understanding of diverse views, and stated that the two countries held similar views on regional and international issues of common concern.

The two leaders were addressing a dinner hosted in honour of the Indonesian president by the Bangladesh prime minister at the Bangladesh-China Friendship Conference Centre in the evening.

President Megawati arrived here yesterday afternoon on a three-day visit to Dhaka.

President Iajuddin Ahmed, accompanied by his wife Prof Anwara Begum, and Prime Minister Khaleda Zia received the Indonesian president at Zia International Airport (ZIA) at 1:10pm.

Megawati was driven to the National Memorial in Savar to pay tributes to the martyred freedom fighters. Megawati placed a wreath and stood in solemn silence, as bugles played the last post.

Latest census figures indicate that the social and health conditions of women in Bangladesh have improved significantly in recent years.

The 2001 census report, yet to be published, show that men and women ratio is now 103.8:100. This gap, according to demographers, is the lowest in the past 100 years.

Population expert Professor A K M Nurunnabi says the improvement of women population signifies several aspects.

"Maybe it is because of lesser mortality rate of women and baby girls or it may be because the food habits of women have become more nutrition oriented," he said.

ASHK Sadek, member of AL Advisory Committee, announced

the names at the triennial council of the city unit held at the Institution of Engineers, Bangladesh in the city last night.

The announcement dashed the hopes of young leaders and enthusiastic workers who were expecting fresh blood in party ranks to perk it up. But party chief Sheikh Hasina gave her judgement for old faces, some leaders said, requesting

anonymity.

No election was held to choose new leaders as councilors of Dhaka City unit had empowered Hasina on June 13 to form the new committee.

Hanif and Maya have been serving as the unit's president and general secretary since the council of 1997.

Doles of relief for Dhaka jail inmates

ZAYADUL AHSAN

A touch of compassion awaits the inmates of the Dhaka Central Jail who live their prison days in squalid conditions.

For a starter, 800 ceiling fans will be provided to the 36 wards of the jail. This would lessen the prisoners' plight on hot summer days. When the wards are four times overcrowded, the body heat generated from the prisoners is enough to make the place a hell.

However, inmates living in cells are unlucky, as they will not get any fans in apprehension of prisoners committing suicide. They will later be provided with fans fitted to walls.

The good news does not end there. Fifty television sets will be installed in the wards.

ROK to give 50pc duty rebate on 34 items

RAFIQ HASAN

South Korea has agreed to provide 50 per cent duty concession on 34 Bangladeshi items from under the Bangkok Agreement.

Seoul's decision on Dhaka's request for the duty-and quota-free access of 132 items is likely to be known in the next meeting of the agreement, sources at the commerce ministry said.

Representatives from all the six member countries are going to gather in Bangkok for a four-day meet, starting on August 25.

Sources expect the duty concession would help Bangladesh reduce a huge trade gap with Korea.

Bangladesh imports goods worth about \$300 million from South Korea annually against the export sum of only \$20 million.

Though the agreement was signed in 1975, it gained significant momentum following the inclusion of China this year, sources observed.

China has already declared to allow duty-free access of 59 Bangladeshi items to its market. It has also offered duty concession, ranging from 10 to 85 per cent, on 150 items from Bangladesh.

Five countries -- Bangladesh, India, Laos, South Korea and Sri Lanka -- signed the agreement first to ensure preferential trade

arrangement among them.

"We are hoping to get duty-and quota-free access of more items from other member countries after the next meeting," said a commerce ministry high official, who attended a number of negotiation meetings under the agreement.

In return, Dhaka will also have to allow duty-free access of some items from other nations. A final decision in this regard would be made in consultation with major chamber bodies, he told The Daily Star.

The official also said Pakistan was very interested to join the agree
