## No headway in Bogra ammo haul probe

STAR REPORT

Political interference has put brakes on the inquiry into the massive ammunition and explosives hauls in Bogra, said sources.

Even one month after the recovery of about one lakh bullets and nearly 200 kilograms of explosives, police failed to press charges against any of the arrestees as kingpins behind the incidents.

"Investigation is still on," is all the investigation officer of the case, Munshi Atikur Rahman, told The Daily Star. He declined to say if the probe made any progress.

People have not had the slightest

idea of what has been squeezed out of more than 30 people by the investigators. Only two of them are now in police custody.

Intelligence agencies also ran probes into the biggest ever ammo hauls but mystery shrouds the eventual destination of the ammunition and the identity of the persons involved.

"In the interest of national security, we don't want to comment on the case," said a high official of an intelligence agency.

The probe got off to a chaotic start: the home minister told the

## Test series Aussies'

AFP, Cairns

World champions Australia thrashed Bangladesh by an innings and 98 runs on the fourth day of the second cricket Test at Bundaberg Stadium here Monday to wrap up the series two-nil.

Starting the day with 106 for four wickets in their second innings, Bangladesh were all out for 163 shortly before lunch, with more than five sessions remaining.

It was Bangladesh's 20th defeat in their 21 matches in Test company.

It came only a week after Australia outplayed them in Darwin, winning the first game between the two countries by an innings and 132 runs.

Leg-spinner Stuart MacGill again wrecked the Bangladesh batting, snapping up 5-56 after capturing 5-77 in the first innings a marvellous double which won him the match award, as well as the man of the series award.

MacGill, deputising for banned spin wizard Shane Warne on the sidelines because of a drug offence snapped up 17 wickets in the series.

This match marked his second haul of 10 or more scalps in a Test he snared 12 against England in Sydney in 1999.

Bangladesh made 295 in their first knock before Australia slammed a mammoth 556 at almost a run a minute for four wickets in their only innings before declaring.

Darren Lehmann (177), skipper Steve Waugh (156 not out) and Martin Love (100 not out) all plundered centuries from the inexperienced bowling attack.

In Bangladesh's second innings, only Hannan Sarkar (55) and Hashibul Bashar (25) displayed any major resistance.

Paceman Jason Gillespie gave MacGill excellent support, bagging 4-38 as Bangladesh lost six wickets for 57 runs on the final day, with the last four wickets crashing for a mere seven runs as the innings ended 25 minutes before lunch.

Bangladesh will now attempt to regroup before taking on the world one-day champions in a series of three limited-overs clashes.

## Greens slam 'illegal' road plan by felling trees

STAFF CORRESPONDENT

A set of land grabbers cut down about 300 trees in Pallabi to build a road, whipping up a storm of protest from a pro-environment group yesterday.

Locals said the grabbers backed by influential people are trying to construct without approval from the Dhaka City Corporation (DCC) the road through a space of 50,000 square feet, which was dotted by the trees.

A rally by the Bangladesh Paribesh Andolon (BAPA) said construction of any new road in the area is mindless, as the space has two wide roads on both sides -- block Nos. D and E of the section 12 in Pallabi.

Participants of the rally demanded punishment to the grabbers for damaging the environment in a city where greens are dwindling by the day.

The locals alleged that the owners of the houses by the roadside are the real backers of the land-grab move, as they are trying to encroach on the open space by blocking the two roads and building a new one midway through area.

But Khan Majlish, one of those behind the felling of the trees, claimed, "The DCC allocated Tk 37 lakh for construction of a new road. The area will be free from hoodlums and addicts if the new road is built."

The homeowners in the area applied to the National Housing

Authority in 1996-1997 for allocation of the space in front of their houses.

"The space was used as a playground for children. I have not received any paper allowing any road through the space," said Sohrab Hossain, sub-assistant engineer at the DCC regional office in Mirpur.

AKM Fajluzzohar, DCC chief estate officer, expressed ignorance about the matter and said, "I didn't permit the felling of the trees."

However, he said, "The DCC has the right to cut trees on any land for development work if it belongs to the DCC."

DCC Chief Engineer Dr. Golam Quader M Chowdhury could not be reached for comments.
