

shopping guide

tough time figuring out how to dress up their teens and even toddlers who are so fashion conscious. As always we at Star Lifestyle can put your tension at ease and help you to choose the correct accessories and garments for your fashion kids.

Some fun D-I-Y tricks for teens

Glam 'N' glitter

Take a string of sequins. Fold it into half and twist and two strands together from the bottom.

After securing the intertwined strands at regular intervals with a small stitch, start threading in as many small gold ball charms as you like.

Fasten a bigger charm, like a belt, onto one end of the bracelet and draw it through the loop at the other end to make a full circle. Pair it with a rock chic tee and you're ready.

Blue bells

String small beads onto wrist length thread. Make two such strands. Tie the two strands at both ends and ensure that they are parallel to each other. Hang bell charms at regular intervals.

For an added twist, after you've done, twirl the two strands together before wearing with a matching dress.

Shell out

String your selection of coloured beads onto a thread long enough to go comfortably around your wrist.

At one end, stitch on a shell charm by running the thread through two beads. On top of the shell charm, you could add a little silver ball charm. Repeat the process at equal intervals and then you're set.

Smart Sox

Smart sox is a super shop at the Landmark shopping centre at the Gulshan- 2 circle, where you can find socks in various colours and prints for in the age group of 0-12 years. The coloured socks cost about TK65 and the cartoon printed socks of bugs and daffy cost about TK 40 to 50. Even you can find plain white socks that cost about TK 40.
