Appeal for emergency relief support

Dear Heads of Missions/Agencies/Corporates,
Undersigned are actively working together under the ILO Project titled and aimed at "Prevention and Elimination of Selected Worst Forms of Child Labour in the Urban Informal Economy in Dhaka". We are providing literacy and life skill trainings and vocational training to children engaged in hazardous and exploitative work. Their families receive credit support for Income Generating Activities in order to shift the dependency away from their children's earnings. These core and other supplementing services are provided to thousands of children and their guardians yearly at the 85 Multi Purpose Centers and two Vocational Training Centers located in 20 Thanas of Dhaka City to thousands of children and their guardians yearly.
As reported in the Daily Star on Monday, July 26, 2004 "About 40 percent of the capital went under water affecting 5 million people and wrecking water and sewerage systems, with the water level in the Buriganga river continuing to swell", among which several thousand of the working children and their families that are direct beneficiaries of the Project.
A large number of MPC activities (classes and Samittees) have been suspended and more and more of the Centers had to close down due to rising water levels. It is estimated that at present approximately 23,000 direct beneficiaries are seriously affected and the situation is expected to worsen. The most affected beneficiaries are found in the areas Kamrangirchar, Demra, Shabujhagh, Tejgaon, Lalbagh, Gulshan, Badda, Khilgaon, Motjheel, Shyampur and Kotwali.
On behalf of our beneficiaries we would like to appeal to your organisation/agency to come forward and extend your helping hand by providing support in cash or in kind. We have an adequate infrastructure and sufficient human resources to provide emergency services in an efficient manner.
There is a prioritised need for essential medicines, pure water and water purification tablets, ORS and dry food. Your humanitarian support could make a crucial difference in the lives of the thousands of children and their families.
You are kindly requested to contact our designated focal point, Mr. Ronald E. Berghuys, the Chief Technical Adviser of the ILO Project, telephone numbers: **912 77 66 or 914 35 16;** e-mail address: berghuys@ilodhaka.org
