REJOINER TO PUBLISHED REPORT --**'Bhashantek Project/JS body asks people not to buy flats'**

The statement in the report published under the above title on 04-08-2004 has distorted the image of government and NSPDL. Adv. Mahbubur Rahman has no legal authority to give such irresponsible statement. He has just tried to befool the nation using his position of Chairman, Parliamentary Committee without any meeting of Parliamentary Committee.

The Ministry of Land, and Ministry of Law, Justice & Parliamentary Affairs prepared a deed of agreement on duties and responsibilities of Government & NSPDL regarding detailed programme of project implementation, finance, management and finally after approval of the Prime Minister, the deed of agreement of NSPDL with Government was executed on 29-9-2003. Thereafter, the development work of the project area is progressing fast and as per terms & conditions of the deed of agreement NSPDL has been given the responsibility of sales programme & preparing selection list.

Slum dweller & low income families of Dhaka metropolis had been waiting with a high hope and belief to be rehabilitated in this project. Specially in Bhashantek Project there were about 4000 rootless families. In the interest of project implementation and with hope of fast rehabilitation in the project, they shifted their households elsewhere in response to our call, thus providing the opportunity for development work, which was a rare happening.

The work is on going fast in public to hand over 5232 flats within twenty months. At this point of time publication of such confusing false information has frustrated all slum dwellers & low income families of Dhaka metropolis. Besides, naturally, questions on credibility of NSPDL & responsible banks have been raised in the minds of local-foreign organisations, banks involved in the project implementation process.

We strongly believe that a vested interest quarter opposed to implementation of this project, promised by the honourable Prime Minister, has created this vulnerable situation by providing false information & feeding confusion.

NSPDL is capable of fulfilling the honourable Prime Minister's commitment through sincere discharge of the prime responsibility of project implementation & management laid on it according to the deed of agreement executed with the government. Therefore, all concerned are requested not to be misguided by such ill motivated publicity.
