... light for life

BEACON PHARMACEUTICALS LIMITED is constructing its world-class factory at Bhaluka near Dhaka, which will have European standard infrastructure with the most sophisticated machinery & equipment. This state-of-the-art factory will be first of its kind in Bangladesh and will fully comply with European regulatory and environmental safety guidelines.

BEACON will be the specialist manufacturer of full range of modern anticancer and hormone products including lyophilized injectables. It will also produce high-tech specialized and general dosage forms.

BEACON is a member of ORION GROUP, which is one of the largest business conglomerates in our country. BEACON has a vision to be a major contender in domestic as well as global pharmaceutical business arena within the first decade of this millennium. To accomplish its objectives BEACON is now looking for the right professionals for the following positions:

### PLANT MANAGER

#### Requirement

- M. Pharm. or M. Sc. in biological science having at least 10 years proven track record in reputed pharmaceutical manufacturing plants of which 5 years experience should be in the similar or managerial position
- Should have strong theoretical and practical knowledge on pharmaceutical production of various dosage forms as well as cGMP and QA/QC issues including all relevant validation protocols
- Strong communication skill (both oral and written) and must have computer knowledge
- Age within 40 years

### MANAGER, PRODUCTION

#### Requirement

- M. Pharm. or M. Sc. in biological science having at least 8 years experience in production in a reputed pharmaceutical company of which 3 years experience should be in the managerial position
- Should have sound practical knowledge of manufacturing different pharmaceutical dosage forms
- Strong communication skill (both oral and written) and must have computer knowledge
- Age within 37 years

### MANAGER, QUALITY ASSURANCE

#### Requirement

- M. Pharm. or M. Sc. in biological science having at least 8 years experience in QA/QC in a reputed pharmaceutical company of which 3 years experience should be in the managerial position
- Should have strong theoretical and practical knowledge on cGMP and QA/QC issues including all relevant validation protocols
- Strong communication skill (both oral and written) and must have computer knowledge
- Age within 37 years

### MANAGER, PRODUCT DEVELOPMENT AND R & D

#### Requirement

- M. Pharm. or M. Sc. in biological science having at least 8 years experience in product development and/or QA/QC in a reputed pharmaceutical company
- Should have strong theoretical and practical knowledge in pharmaceutical formulation development of different dosage forms
- Strong communication skill (both oral and written) and should have computer knowledge
- Age within 37 years

We offer excellent working environment and attractive remuneration package & fringe benefits. Age limit will be relaxed for the highly deserving candidates.

Please send your application with resume and one passport size photograph to the following address within 10 days of advertisement. Please mark the position on the top of the envelope.

Strict confidentiality will be maintained throughout the whole recruitment process.
