Lifestyle gets **CARRIED** away this week as we focus on a different kind of romance. That's right, this one's for the guys, as we get down to the serious business of car maintenance. So careen on to the centre and join us on this wild ride.

From fashion advice on dressing up your car, to picking the appropriate car-tunes, we've got it all covered in one revved-up read. Ladies, don't feel left out. If you want to put a fresh face forward, keep your copy of Lifestyle handy as we've got some skin-tastic treats just waiting for you in pages 2 and 3.
