Favourite quotation: When you get into trouble, try to look adorably cute, purr, and act like you haven't got a clue.

Md. Moinul Ahsan

Ambition: I always dream of being an Architect!

Favourite quotation: Life isn't adorable without an impossible dream.

Farhana Afrin

Ambition: To help others by giving what I have. To impart knowledge by teaching what I have learnt myself thus putting my efforts to use.

Favourite quotation: Try, try and try until you succeed. For nothing is impossible unless you think so.

Tahsin Muhammad Khan

Ambition: I might go on to create a career on genetic-engineering, or on related disciplines. My aim is to conduct research that will contribute to the betterment of the world's position and understanding regarding mortal human diseases.

Favourite quotation: "Education is the power to think clearly, the power to act well in the world's work, and the power to appreciate life." -- Brigham Young

Tanvir Islam

Ambition: Success to me is getting a job done at the right place at the right time and I believe that there is more than one way to get a job done. One just has to find what is best for him or her.

Yasir Bin Baqui

Ambition: We are constantly extending our boundaries of understanding, opening our eyes with each breakthrough in Physics. Theoretical Physics tells us of worlds we have not seen and those which we may never see. Worlds so infinitely far away, yet so clearly defined by the laws of Mathematics. My dream is to be a part of that journey of discovery.

Favourite quotation: "The greatest enemy of knowledge is not ignorance, it is the illusion of knowledge." -- Stephen Hawking

Sadia Musarrat Chowdhury

Ambition: Somehow I have always found it difficult to stick to one ambition. One day I wanted to be a doctor, the next day a graphic designer. Right now, however, my ambition is to be successful chartered accountant. I hope I can make it; it seems quite difficult to achieve something in today's competitive world.

Favourite quotation: Treat others as you would want them to treat you.
