

SALUTING THE NATION BUILDERS OF TOMORROW

SPECIAL SUPPLEMENT ON O & A LEVEL AWARD (2003 -2004)

The Daily Star

Maple Leaf International School

O Level

Syed Sarwar Hassan

Ambition: Out of all the subjects, Physics awes me more than anything, so I would like to study further in Applied Physics, and that is my ambition.
Favourite quotation: If one is aware of what his/her goal is and works committedly towards it, then success becomes inevitable.

Tanjima Ali

Ambition: I want to study architecture. But beside that I am really interested to study the art related subjects.
Favourite quotation: 'Let us be the first to nod, the first to smile and even if it necessary the first one to forgive.'

Zafreen Afsana

Ambition: I want to pursue my higher studies in genetic engineering. This field has always fascinated me as it has the ability to unfold the mystery of life. It is an expanding area, which offers a broader prospect and ensures a bright future.
Favourite quotation: Life is not a bed of roses, neither is it a bush of thorns; it is whatever you make it.

Syed Arshad Hossain

Ambition: I set myself a target and try to fulfill it successfully and precisely. One may call this my ambition. Well I want to complete my higher studies in either forensic science/medicine or aeronautical engineering.
Favourite quotation: Everyone has the right to make the mistake but no one has the right to repeat it.

Shah Abidur Rahman

Ambition: I want to complete my studies abroad, do excellent results and be in a respected position in the field of genetic engineering.
Favourite quotation: Don't take anything for granted.

Ajmiri Sabrina Khan

Ambition: My ambition is to be a doctor. I chose this career because it is one of the best ways to serve the people. It is also the dream of my parents, who are my everything -- my life, my ideal and my goal -- whose love and hardwork has brought me here.
Favourite quotation: "There is no shortcut to success, you always have to take the stairs"

Mehrab-e-Hossain

Ambition: Medicine has been a field that has always fascinated me. Having come from a family of doctors I have seen suffering children and how various members of my family had sought to relieve the plight of the sick and as a result I have felt that my only vocation could be nothing but medicine.
Favourite quotation: It is good to be spontaneous, it is good to be thorough, it is good to have something that inspires you.

Sushmita Sharmin Preetha

Ambition: Wage a war against imperialism.
Favourite quotation: "If you tremble with indignation at every injustice, you are a true comrade of mine." Che Guevara

A Level

Fahad Chowdhury

Ambition: I just want to be a person who is admired by all and hated by none. Keeping this in mind I would like to be a microbiologist working in one of the coolest labs in the world.

Ninette S Adhikari

Ambition: To work for my country and to try to eliminate the gap between rich and poor people. I want to leave a brighter and better future for the next generation.
Favourite quotation: It is better to ask some of the questions, than to know all the answers.

Fariah Mahzabeen

Ambition: My ultimate quest is to enjoy and live my own life in the light of immaculately subtle beauties of self-contained pleasure: simplicities and overwhelming nudges of life filled with serenity of nature and soothing tranquility of my dreams!
Favourite quotation: "Time is only a stubbornly persisting illusion" -- Albert Einstein

Farhana Momin

Ambition: I would like to be a biomedical or a Chemical Engineer.
Favourite quotation: "Look towards the Sun and the shadows fall behind you."

Quazi Nazmul Haque

Ambition: As far as ambition in life is concerned, it's a very simple one for me. I want to live a life which would set good examples for others. But as far as career is concerned, I want to take up the legal profession. I want to become a barrister.
Favourite quotation: "No one can take away your education.... but you can easily pass it on"

Ashik Kalam

Ambition: I want to take all my knowledge, expertise and practical experience into research and emerge as a prominent figure in the biological arena. I hope that my ambition would help eradicate the sense of pain and misery from people's hearts and bring back smiles on their faces.
Favourite quotation: You can if you think you can. If you have truth and courage in your heart nothing is impossible.

Manal Mohamed

Ambition: Men become great men and look back at the process and usually find that what they have become is an accident rather than what had been expected. So let's wait and see where I will end up.
Favourite quotation: "Charm strikes the sight, merit wins the soul."- Alexander Pope

Mastermind School

O Level

Nafisa Farooq

Ambition: I want to be a mechanical engineer. Physics fascinates me, I love Maths and I am very much caught with the complex bundles of wires in our telephones, televisions and so on. Since these are the major interests of 'engineering', I believe my higher studies are going to be very interesting.
Favourite quotation: If you want something, fight for it.

Sakeeb Masroor Ahsan

Ambition: My main goal is to become a physicist and I hope to be known both as a competent physicist as well as a decent human being. I want to make my mark in this particular field which will enable me to contribute to the progress of mankind.
Favourite quotation: "The purpose of life is a life of purpose." -- Robert Byrne

Rabea Binte Akram

Ambition: I want to be a lawyer and work for protecting the rights of the under-privileged and neglected people of my country.
Favourite quotation: A person who wants to do something finds a way; a person who doesn't finds an excuse.

Mahmuda Afrin Badhan

Ambition: I have always felt passionate towards space science and I definitely desire to pursue it. What has inspired me to think about joining NASA is the hours and hours of hard work they dedicate to a single mission.
Favourite quotation: Always be a first rate version of yourself, instead of a second rate version of somebody else. --

Ahnaf Rahman

Ambition: My ambition! Well, its quite a difficult question to answer at this moment since I am still undecided. In the past, I wanted to become an electrical engineer and hopefully, I would end up becoming it. I do have the backing of my parents on this.
Favourite quotation: "Do or Die"

Chokder Alamgir Bartend Russell

Ambition: I want to be a scientist. I want to make new theories, formulae and inventions. I want my name to be known in a variety of fields. I would create theories which would be vital in science. I also want to be a mathematician.
Favourite quotation: "Be as you are".

Mir Minhazuddin Ahmed Adnan

Ambition: Like many famous businessman of the world such as Bill Gates, I want to be a very successful businessman as well. I think it would really feel nice if I can make a big and famous company as my own. It would be good to see many people working for me.
Favourite quotation: "Be as you are!"

Nahyan Kabir

Ambition: My ambition in life is to study in medical science and hopefully one day become a doctor. When I was only a child I saw my grandfather practising medicine in his chamber. A lot of people were helped from what he did.
Favourite quotation: Life indeed would be dull, if there were no difficulties.

Najeeb Mahiyuddin

Ambition: What is my ambition? This is a difficult question. Well, I really do not know what I want to be in life but the way things are going in my life I will not be surprised if I turn out to be a physician.
Favourite quotation: A wise man once said, "when the going gets tough, the tough gets going."
