

## U.K. Immigration – Whole Family

UK Government - Home Office's current target is to process all HSMP applications within six months.

If you, at a minimum, have: (a) Master's level education – UK equivalent; (b) five years graduate level work experience of which two years must be at senior/specialist level; and (c) if your spouse also holds a Master's level degree -- you and your whole family might be eligible to qualify for migration to UK under the UK Government's **HIGHLY SKILLED MIGRANT PROGRAMME (HSMP)**. If your spouse is not a graduate, you may still qualify provided you meet some additional criteria. Applicants who earned a minimum of UK Pounds 7,500 (or equivalent in Taka currency) from their profession in Bangladesh during the last twelve months should easily qualify.

Much relaxed conditions for professionals aged below 28 years.

English proficiency test (IELTS or TOEFL) is still not mandatory. No prior job offer in UK is required.

**Note:** Your application must reach UK Home Office by end March 2005, if you wish to avoid planned increase in application fees by the UK Government. We hope to be able to prepare and submit all applications within current fee structure if you sign up with us by 15 February 2005.

## Request for information on disability related services

A considerable number of the total population of Bangladesh is persons with disabilities. Since the last few years significant interventions have been initiated by the government and a notable number of Non Governmental Organizations (NGO) as well as private sectors and other development agencies. This has resulted in a certain level of awareness on disability issues in the country. This eventually has created demand by the persons with disabilities. But due to the lack of proper information of the available services, the required demand of many persons with disabilities are not being met adequately.

To meet this information gap, Centre for Disability in Development (CDD), in association with Handicap International and European Union intend to develop a directory of information of disability related services, for the first time of its kind, in the country. Information will be collected through a prescribed questionnaire from all the districts of the six divisions in the country. The directory will include information on direct services offered to persons with disabilities by government, non-government organizations, charitable organizations and private initiatives as well.

The directory of information will create a bridge among recipients and service providers ensuring better access to services for persons with disabilities.

Interested organizations are requested to communicate to their respective divisional contact persons as below by 28th of February 2005.

<b>Dhaka</b> Dr. Md. Anisuzzaman 0171-452686	<b>Chittagong</b> Selim Nazrul 0171-226144	<b>Rajshahi</b> Md. Haider Ali 0171-033361
<b>Khulna</b> Golam Ehia 0171-342273	<b>Barisal</b> Rabiul Hasan 0171-021389	<b>Sylhet</b> AHM Faisal Ahmed 0171-371752
