Our career opportunities are as wide as our range of standard products

ABB is a global leader in Power and Automation technologies that enable utility and industry customers to improve their performance while lowering environmental impact. The ABB Group operates in around 100 countries and has a strong presence in South Asia region, spanning several decades. ABB offers customers a comprehensive array of standard products for various applications, helping to optimize resources, reduce energy costs, boost productivity and increase competitiveness.

We require highly motivated and experienced professionals for the following positions:

Engineer - Product Sales
 Graduates in Electrical/ Electronics/ Instrumentation engineering with management qualifications from reputed institutes and minimum 2 years of relevant industry experience. Experience in preparing, submitting, negotiating offers and executing orders for overseas suppliers as well as networking with local logistics suppliers is essential. The work scope involves business development for Standard Products and Systems, managing channel partner networks and supply chain liaison with local channel partners and customers.

Commercial Executive
 Graduate in Commerce with minimum 4 years relevant industry experience and knowledge of International trade norms, terminology, local systems and legalities. The work scope involves managing office accounts, commercial follow up and coordination with customers, banks and local authorities, advising supply units on commercial issues regarding offers as well as sales and coordinating receivables.
