For superior manageability and value, follow the clear market leader.

The worldwide market leader, to be precise. HP ProLiant has sold over 8 million servers, making it the most preferred industry standard server. Powered by Intel® processors, they're designed on industry standard architecture which enables flawless integration. The pre-installed ProLiant Essentials Foundation Pack ensures effortless deployment. And HP Systems Insight Manager provides a single, convenient hub for overseeing your entire server infrastructure. Of course, this ease of ownership needn't sacrifice cost-efficiency. Every ProLiant comes with innovative features that optimise resources. Like Smart Array which protects data integrity while increasing performance; and Integrated Lights Out, the best-selling solution that facilitates effective remote management of data centres, while reducing overheads and maintenance time. Integrate our leading servers into your organisation. You'll find they top all your expectations.

EXTEND AND ENHANCE YOUR STANDARD PRODUCT WARRANTY. INSIST ON HP CARE PACK SERVICES TODAY.
