ANOTHER NEW YEAR DAWNS

MUSIC, colour and various activities filled the air as the Bengali New Year was welcome by the young and old alike. Voices of students of Chhayanat were raised in melodious tunes singing songs of welcome. Age did not matter, as infants and toddlers had their faces painted in *Baishakhi* colours not quite knowing what the activity meant, but enjoying the attention paid to them, while the teenagers and adolescents had their hands designed with *henna* in various motifs. Some young ones did not miss the opportunity to have a piggy ride, a chance they rarely get!
