LIBRARY MANAGEMENT
(For small and medium size libraries and personal collections)
• A database of your collections can be created electronically by
computer with an Information Retrieval System by author, title
or any other approach/es you may desire.
• If you do not have a computer of your own, we can do it on our
computer providing you with a printout of your choice which
can be updated periodically, for personal collections only.
• For small and medium size libraries MoU can be discussed and
agreed upon. Standard library cataloguing and classification
practices can be followed as may be required and desired. An
Information Retrieval System can be designed providing with an
Operating Manual to operate the system electronically for better
and more efficient use. University libraries can also be covered,
part by part. The system is expected to be easy and user-
friendly.
• A database of selected news-headings and articles of
newspapers can be created with an Information Retrieval
System for operating the system electronically for quick retrieval
of references for journalists, providing with an operating
manual.
• The work is expected to be unbelievably cheap and efficient. All
relevant technical assistance can be provided.
• For further information please send e-mail to:
talukder@bd.dnk.net or write to: Society for the Advancement of
Library and Information Services (SALIS), GPO Box 2481, Tel:
9348487, Cell: 0188230500 C-1046
