

# Donation for acid survivors

The Project Bangladesh Foundation donated several items worth Tk one lakh to the Acid Survivors Foundation (ASF) for its medical unit on Tuesday, says a press release.

The items included a micro-wave oven for the operation ward, various types of surgical tools, a water fountain, bed sheets and towels for patients, surgical trolleys, medical textbooks for the doctors, Povisep ointment for the patients and furniture for the examination room.

To raise awareness among the Bangladeshi expatriates about acid violence, flood devastation and orphans, the Project Bangladesh has launched 'Amra Bangladesh' wristbands and all the sale proceeds go to charity.

The five founding members of the group are Nicole Mendes, Navine Mendes, Rafean Seraj, Shayaan Seraj and Salman Khan.
