5.00gg	190 sets	08 Agust 2005
7.00gg	214 sets	10 Agust 2005
Factories/buying houses interested to utilize capacities		

are requested to contact:

Miron- 0173-043347 or Zia- 0189-261936

# WIRELESS BROADBAND

Connectivity with 3.5 GHz licensed frequency

Agni Systems Limited operates a 3.5GHz [licensed band] based fixed wireless broadband network capable of supporting constant bit rate application such as Video. This is unlike other wireless service offered by most ISPs in Bangladesh that is using 2.4GHz and 5.8GHz un-licensed band which is prone to interference and with no quality of service guarantee. The wireless network covers most of Dhaka and Chittagong city area. On top of that, we peer with top International ISPs in the US and Singapore with good European routing.

Service Guarantees

Service that meets mission critical business needs. We offer the uptime guarantees, with service credits available for any missed quarantees.
