

In Aid of acid survivors

It began with a touching drama. The acid survivors staged it to describe their ordeals. Then a charity photo exhibition opened to raise fund for them. Acid Survivors Foundation organised the unique show from August 25-27 at Dhaka Sheraton Hotel. About 70 renowned photographers and photo-journalists donated photos that were displayed for sale. "The exhibition will promote awareness about acid violence and the sales proceeds will support acid survivors," ASF Executive Director Ms Monira Rahman said. Second part of the exhibition will be held at Sonargaon Hotel on Sept 2-4 and the third and the closing show will take place at Spectra Convention Centre on Sept 8-9.
