**Request for Expression of Interest (EOI) for  
Consulting Services on Compressor  
Stations Project**

Date: 22.09.2005  
Loan No..... BAN: Title: Gas Transmission and Development Project  
Ref No. GTCL/Com-Station(PM)/Consu/001

1. The People's Republic of Bangladesh has applied for a loan from Asian Development Bank(ADB) towards the cost of Gas Transmission and Development Project and it is intended that part of the proceeds of this loan will be applied for procurement of goods and services in accordance with ADB's guidelines. Gas Transmission Company Limited (hereinafter called as "the Client"), a Company of Bangladesh Oil, Gas and Mineral Corporation (Petrobangla) under the Energy and Mineral Resources Division of the Ministry of Power, Energy and Mineral Resources, part of the loan will utilise towards the cost of procurement of goods and services of various subprojects and it is intended to apply a portion of the loan for eligible payment under the contract for consulting services for the installation of four (4) gas compressor stations.

2. Compressor stations will be installed at Ashuganj, Muchai and Elenga for which a contractor will be appointed for design-build supply, installation, commissioning, testing, operation and maintenance on the basis of International Competitive Bidding (ICB). The location of the said compressor stations is within 150km (approximately) from the capital city. Technical and managerial inputs from expert consultants are considered essential for evaluation of EPC bids, checking of engineering, design and supervision of installation, commissioning, operation and maintenance of natural gas pipeline compression.

The scope of the services in brief but not limited to:

- Assist the Client in evaluating bids for engagement of turnkey contractor;
- Assist the Client in checking and certifying the technical documents submitted by the contractor (including its vendors) to the Client;
- Supervise installation, testing and commissioning of each compressor station and ancillary equipment, plants and utilities;
- Assist the Client in management of operation and maintenance of each compressor station.

A project office, for the project titled as "Compressor Station Project", has been established at the head office of the Client and the project implementation time frame will be July 2005 to June 2008 excluding 2 years operation & maintenance period. Thus, consulting services will require about 144 person-months (approximately) including 400 person-hours of home office support starting from 1<sup>st</sup> July 2006.

3. The Client now invites expression of interest from consulting firms of ADB member countries having adequate expertise and experience in Project Management, Design, Engineering, Procurement, Installation, Testing, Commissioning, Operation and Maintenance of high pressure Gas Compressor Stations (including ancillary facilities i.e. Compressor, Gas Turbine, Cooling Tower, Filter Separator, Gas Measuring/Metering, hook-up of compressor etc.) indicating their interest to perform the above-mentioned services.

4. Consulting firms of ADB member countries are invited to provide following information indicating that they are qualified to perform the above-mentioned services:

- Submit satisfactory evidence of their past experience and continuing capability and adequacy of resources to carry out the services effectively. To this end, the intending consulting firm must have experience on project management procurement, engineering, supervision of installation, commissioning, operation and maintenance of high pressure gas compressor station inclusive of ancillary facilities i.e. Compressor, Gas Turbine, Cooling Tower, Filter-Separator, Gas Measuring/ Metering, hook-up of Compressor with existing facilities etc.
- List of engineering, supervision of installation, testing and commissioning and management operation and maintenance of high pressure gas compressor station project executed by the consultant, over the last ten (10) years including those currently in hand. The list should be suitably tabulated furnishing the name & address of the Client, year of completion, scope of services etc. Copies of certificates obtained from at least 3 (three) clients among the aforesaid clients evidencing satisfactory completion of services.
- Experience of working in countries having similar geographical conditions that of Bangladesh.
- Copies of the audited accounts (yearly turn over) for the last 5 (five) years of the consulting firm.

5. Interested consulting firms may obtain further information at the address below during normal office hours.

6. Expression of interest shall be submitted by 11:00 hrs BST of 16<sup>th</sup> October 2005 in sealed envelope, delivered to the following address and be clearly marked "Request for Expressions of Interest for Consulting Services on Compressor Station Project".
