TOSHIBA

Toshiba recommends
Windows® XP Professional

With Toshiba EasyGuard, you no longer
have to worry about data security.

Toshiba EasyGuard

Notebooks armed with Toshiba EasyGuard enjoy enhanced data security, plus all-round protection and easy connectivity. Introducing Toshiba EasyGuard, the ultimate notebook protection system that's perfect for business on the move. The Trusted Platform Module embedded security chip and multi-level password utilities protect confidential data when your notebook is lost or stolen, while the anti-virus software and data back-up solution ensure system and data integrity. So you can enjoy the wireless mobility offered by Intel® Centrino™ Mobile Technology, and still be assured of maximum data security, no matter where you go.
