

Hasina protests attacks on AL activists

UNB, Dhaka

Opposition leader Sheikh Hasina yesterday strongly protested the attacks on her workers and members of minority community allegedly by BNP cadres at Galachipa in Patuakhali.

In a press statement, she alleged that the BNP 'terrorists' launched

indiscriminate attacks in Uliania, Chikni Kandi, Dakua and Gozalla unions, vandalising Awami League office and looting over 100 houses and shops after the defeat of four-party candidate in Galachipa municipality election on April 16.

Since April 22, Hasina said, the BNP hoodlums equipped with deadly weap-

ons have attacked Awami League workers and damaged their houses and businesses.

But the police, instead of arresting the attackers, picked up newly elected Galachipa municipal commissioner and Awami League leader Abul Bashar and injured Juba League worker Nasir, she said, adding that the police also

refused to register cases.

The AL president urged the administration and the police to act impartially, instead of being used as associates of BNP. She cautioned that the consequence of 'partisan role of the police' would not be good in future.
