Hospital sources claimed that lack of accommodation and oxygen cylinder are affecting their treatment. This correspondent during a visit to Dinajpur Sadar Hospital saw

patients on floors as there was no empty bed.

There were only three oxygen cylinders at Thakurgaon hospital, which is too inadequate to cope the rush of patients, said doctor Md. Shajahan Newaj at Thakurgaon Sadar Hospital over telephone.

He said at least 250 infants were admitted to the hospital since

Wednesday.

The mercury moved between 34-38 degrees Celsius on Wednesday and Thursday in Dinajpur, sources at the local meteorological department said.

"Though there is excessive heat during day time, the temperature falls at night. This is abnormal weather", one official said.

Along with the heat wave, erratic power supply and water crisis have increased people's sufferings.

## APPOINTMENT OF JAMAAT MAN AS PRINCIPAL Tension mounts in Jaldhaka as rival parties hold rallies

OUR CORRESPONDENT, *Nilphamari*

Tension is mounting in Jaldhaka over appointment of a Jamaat-e-Islami man as principal of Jaldhaka Degree College.

Opposition political parties led by Awami league and Jamaat are now in a face-off situation, the former opposing the appointment and the later trying to defend itself. Both held rallies to counter each other, which may lead to clashes any time, political observers said.

On Tuesday, the newly formed All Party Students Alliance backed by Awami League and a section of BNP held a rally at the upazila headquarters protesting the appointment of Fazlul Hoq as principal of the college. Its leaders said a tougher agitation will be launched if the Jamaat man is not removed from the post of principal of the college.

At the meeting held with Upazila Chhtra Dal General Secretary Shahinur Islam Babu in the chair, Jaldhaka AL secretary Shahid Hossain Rubel alleged that the Jamaat MP Mizanur Rahman Chowdhury has "occupied" posts of governing body chairman in nine educational institutions in Jaldhaka. Taking this advantage he is removing freedom fighters and pro-liberation people from those institutions.

He further alleged that the former principal of Jaldhaka Degree College was removed by the Jamaat-lead governing body as he was a freedom fighter.

He reiterated his call for resisting the process.

Speakers at the rally included upazila JSD president Azizul Islam, JASAS (Jatiyatabadi Samajik Sanskritic Sangstha, ruling BNP's cultural wing) joint secretary Shariful Islam, Juba League (Awami League's youth front) president Abdul Wahed Bahadur, Chhtra League (AL's student front) president Sarwar Rashid, Chhtra Samaj (jatiya Party's student front) president Nadir Hossain.

The speakers bitterly criticised the Jamaat lawmaker for what they called replacing people in key positions in educational institutions with pro-Jamaat men with a view to keep those in his control.

The All Party Students Alliance recently brought out a procession in the upazila headquarters demanding removal of the principal.

To counter the agitation, Jamaat held a rally on Thursdsay, which was addressed by, among others, lawmaker Mizanur Rahman Chowdhury.

Mizanur Rahman told the rally that the agitation was part of conspiracy and threatened that 'all conspirators would be uprooted if Jamaat workers take to streets'.

Thursday's public meeting called by the governing body of Jaldhaka Degree College was held at the zero point in the town. The Jamaat lawmaker was the chief guest while Enamul Haque, a Madrasa superintendent and a member of the college governing body was in the chair.

The Jamaat lawmaker claimed that the appointment process of the principal and five other teachers of Jaldhaka Degree College was fair

and done as per law.

He said that at the selection committee meeting, principal of Rangpur Carmichael University College Nurun Nabi Chaowdhury was present as National University representative, and principal of Nilphamari Government College Mosarraf Hossain was present as the representative of DG (higher education). They found no irregularities in the selection process, he added.

Mizanur Rahman said that the selection committee on the same day ( 29 April) also appointed Abdul Gaffar, upazila convener of the Ghatak Dalal Nirmul Committee and Muradul Islam, cousin of upazila Awami League president Ansarul Islam Mintu, as lecturers.

"They are not our men. We could reject the their appointments as we are majority in the governing body but we did not do that as we were impartial", he said.

He alleged that Awami League is trying to create an issue out of nothing to create anarchy in Jaldhaka.

Golam Mostafa, the leader of the pro- Awami League teachers group in Jaldhaka Degree College, told newsmen that the appointment of Abdul Gaffar and Muradul Islam is an eye wash to legalise the appointment of the Jamaat man as principal. "It is merely a trick of the Jamaat lawmaker", he added.

# Cry for water, power can't be suppressed

## AL leader Noor tells Mymensingh rally

OUR CORRESPONDENT, *Mymensingh*

Central Awami League (AL) leader Asaduzzaman Noor yesterday said the BNP-led four party alliance government has no right to stay in power as it has failed to resolve any of people's problems and ensure their basic needs.

The sooner the government quits the better it will be for the people, he said while addressing a public meeting at Pudunbari High School ground in Muktagacha yesterday. Organised by Mankon union AL, the rally was addressed by, among others, AL leaders Mahbubul Haque Shakil, advocate Badar Ahmed, Ahsan Md Azad, Billal Hossain Sarker, Rasheda Mohiuddin and Abdus Sabur Sarker. Local AL leader Rafiqul Islam Bahadur was in the chair.

Noor said people are now agitating for power and water, two prime basic needs, while prices of other essentials have gone beyond their reach.

In many urban areas, residents are preparing to launch agitation like in Kansat and Demra in Dhaka city. Instead of looking in their griev-

ances, the government is arresting opposition party men to foil their agitation. This is unfortunate. The government will not be able to control agitation for water and power by repression, he said.

Failing in all sectors, the BNP-Jamaat government has hatched a conspiracy to cling to power by preparing a fake voter list and rigging the next parliamentary election. People have already rejected the fake voter list and will not allow holding of a farcical election, the actor turned politician said.

The government has prepared the fake voter list as it knows it will not return to power if a fair election is held with a correct voter list, Noor said.

The central AL publicity secretary reiterated his party's claim that there will not be any election in the country without reforms to the caretaker system and the Election Commission.

But the government is unwilling to go for the proposed reforms, which is apparent from its dilly-dally tactics, he alleged.

Noor also came down heavily on the government for sheltering Islamist militants, who are out to

create a chaotic situation in the country to fish in troubled waters, he alleged.

"Mere nabbing of militants will not free the country from terrorism. Their protectors in the government have to be nabbed and tried", he said.

Noor said Islamic militance are shelter by a partner in the ruling coalition. Unless their godfathers are identified a arrested bomb blasts will not stop.

He also alleged that ruling party men including some ministers have amassed huge resources illegally. They should declare their assets to allow holding of an ellection ensure before the next election to ensure a polls free from use of money and muscle power.

He said prices of essentials are being increased by organised syndicates under the shelter of ruling party men but the government is not taking any action.

He urged the people to unite and intensify the on-going agitation to dislodge the failed government.

# Farmers joint ‘dialogue on agri-budget’

STAR NATIONAL DESK

It was a unique experience for farmers at remote Garpara village in Manikganj. They took part in a dialogue on 'Agriculture Budget, Farmers', Farmers' Budget, organised by Channel I, a private TV channel.

Similar programmes will be held in other parts of the country under the TV channel's Rhidoye Mati-o-Manush programme.

Shaikh Siraj of Channel I conducted the Manikganj programme, held on Wednesday. Economist Hossain Zillur Rahman was also present. It was attended by over 500 farmers.

Manikganj additional deputy commissioner (General) (ADC) Mustafizur Rahman, Agrculture Extension Department deputy

director (DD) Abul Khair, upazila nirbahi officer (UNO) Belal Hossain, agricultural officer (AO) Mohammad Ali, Bangladesh Agriculture Development Corporation (BADC) Irrigation Department assistant engineer (AE) Rafiqul Islam, Seed Marketing Department assistant director (AD) Goutam Kumar Kundu, Garpara UP chairman Alema Begum, Fertiliser Dealer Association president Jamilur Rashid Khan and Deep Tubewell Association president Abul Kashem took part.

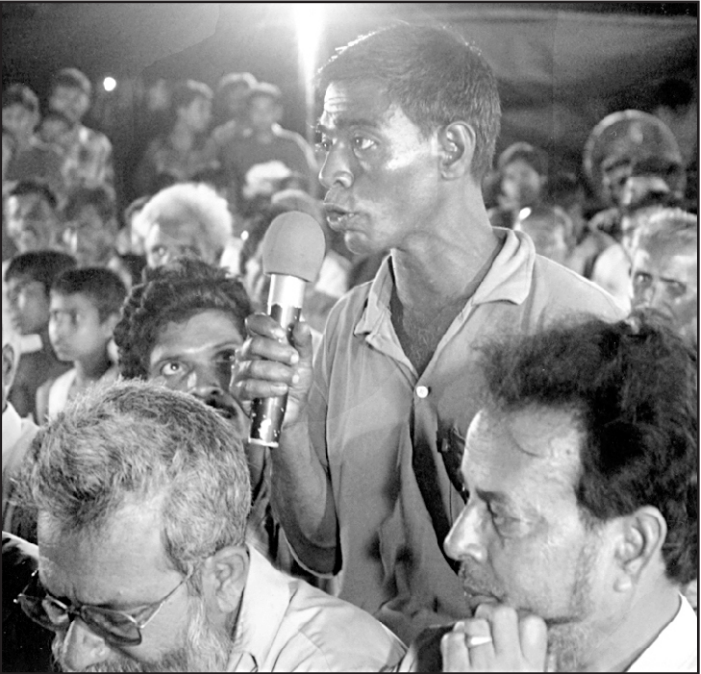

The two-hour programme was hampered due to foul weather. Almost all the farmers present at the programme candidly confessed that they had no clear cut idea about budget.

They mentioned various problems they are facing in cultivation of

crops. It was revealed in the discussion that the annual fund earmarked for agriculture in the budget does not reach the farmers. Fertiliser dealers, deep tube-well owners and seed dealers are the direct beneficiaries of government subsidy.

BADC can fulfil only five per cent annual requirement of seeds while its seed distribution activities are limited only at the upazila level. There is no infrastructure for seed distribution at union and village levels.

Farmers face various problems in receiving agricultural loan. Farmers expressed similar opinion in organising themselves in one platform so that the fruits of official subsidy can reach them.
