Assault on pregnant woman utterly baseless and fabricated

On June 12, 2006, a group of agitating workers caused stoppage of work at the Youngone RMG factories in DEPZ, Savar by instigating workers to leave the production floors between 10:00am to 10:30am and assemble within the factory premises.

It is obvious that the same group of workers who stopped work on May 31, 2006 and threatened the employees not to take their lunch was behind this. In order to incite and agitate workers, they spread malicious rumours that two workers were killed and subsequently a pregnant worker fell into coma allegedly having been beaten by an official of the factory.

Youngone Group categorically affirms that neither there occurred any death nor assault on any worker -- not to speak of any pregnant worker which is utterly baseless and a sheer fabrication.

While spreading malicious rumours, a group of agitators went on a rampage in the mezzanine floor of the multi-storied factory building destroying computers, office equipment and glass panes of the offices. They confined the management staff (including foreign executive director and a buyer) injuring some of them causing grievous hurt in one case. They robbed money, mobile phones and Laptop of the management staff during the assault. They obstructed emergency medical care to the injured ones, and forcibly confined them from going out for over five hours. Unruly agitators also locked the main gate of the Youngone premise for more than five hours creating absolute chaos in the area.

Meantime, Youngone management wants to take this opportunity to thank the law enforcement agencies and the BEPZA for their help to all those officials and female staff under confinement without any further injury.

Under the circumstances, Youngone is not in a position to open their factories in DEPZ, Savar till situation improves.

On behalf of Youngone Group Management
