Udichi unhappy over verdict, wants judicial investigation

STAFF CORRESPONDENT

Bangladesh Udichi Shilpi Goshthi reacting to the verdict on the Jessore Udichi blast case yesterday demanded the government initiate a judicial probe into the murders.

In a statement, Udichi urged the government to look into the involvement of Islamists militants Mufti Hannan and Shaikh Abdur Rahman in the 1999 blast.

A Jessore court yesterday acquitted all 23 accused in the blast case.

On March 6, 1999, the blast killed 10 people and left over 100 injured who gathered on the Jessore Town Hall ground during a programme of Udichi Shilpi Goshthi.

Udichi said the police submitted charge sheet on December 14, 1999 accusing 24 people including Tariqul Islam, the environment and forest minister.

After the present government took office, the minister filed a leave-to-appeal with the High Court and was acquitted from the case.

Many accused of the case are activists and supporters of the present government.

UDICHI BLAST VERDICT

All 23 accused let off the hook

Judge orders legal action against investigation officer over false confessional statement

OUR CORRESPONDENT, Jessore

A Jessore court yesterday acquitted all 23 accused in the sensational case for bomb attacks on an Udichi conference seven years ago in the district that killed 10 people and injured over 150.

While pronouncing the judgment, the court observed that the prosecution has failed to prove the charges against the accused beyond doubt.

The court also strongly reproached the investigation officer (IO) of the cases and suggested taking proper action against him for falsely preparing confessional statements of five accused.

In his reaction, Jessore district General Secretary of Udichi Sukumar Das said, "We knew what will come in the verdict. After Mufti

Hannan claimed his organisation's involvement in the attack, we demanded reinvestigation in the cases."

All hell broke loose at 1:10am on March 7, 1999 as two powerful bombs went off during the interval of the 12th Annual National Conference of Udichi Shilpi Maidan in Jessore town.

The explosions, which police primarily suspected to have been triggered by a timing device, tore through the dais, killing two persons on the spot. Six more died at hospital the same day while two others died later. Twelve injured were maimed permanently.

The dead are Shandha Rani, Nazmul Huda Tapan, Noor Islam, Bulu, Ilias Munshi, Babul Suradhar, Shah Alam Milon, Ratan Roy, Shah Alam and Ram Krishna. Although May 30 had been fixed for announcing the verdict, it was deferred as the judge needed more legal explanation and arguments from both the prosecution and defence lawyers.

Special District and Sessions Judge Abul Hossain Bepari started reading out the judgment at 11:57am in the presence of 22 of the 23 accused, lawyers from both the state and defence sides, and journalists.

Huge security measures were taken on the court premises as thousands of curious people gathered to hear the verdict.

As the charges against the accused were not proved "beyond doubt", the accused cannot be punished, the court said in the judgment.

The "big guys" are coming says Brazil coach Carlos Alberto Parreira of the World Cup quarter-finals which see a mouth-watering quartet of big occasion games.

They don't come any bigger than Brazil though and the World Cup favourites, who have yet to hit full flight, can now be expected to be tested to the full against a France team they have not beaten since 1992.

Worse still they have gone down to defeat the last two times they have played France in the World Cup - a heart-breaking defeat on penalties in Mexico in 1986 and a 3-0 thumping in the 1998 final in Paris.

It has been a curious Brazil so far

"We lacked consistency with our moves. It's one thing to have speed. It's another thing to be in a hurry.
