## Eviction drives make life easy in port city

ABDULLAH - AL MAHMUD

The port city wears a pleasant look with congestion-free streets and sidewalks, thanks to the joint drives launched on January 17 by Chittagong Metropolitan Police (CMP), Chittagong Development Authority (CDA) and Chittagong City Corporation (CCC) to streamline the traffic and public movement.

The law enforcing agencies have already evicted occupants from all the footpaths while continued their drives knocking down illegal structures that narrowed down the city streets alarmingly.

To make the streets congestion-free all the illegal bus stands have already been removed from the city centre.

The CMP traffic department is also planning measures to streamline the movement of city service buses and develop the city roads with fencing and bus bays and lane markings in the busy road intersections, said the sources.

The agencies on Thursday evicted around 300 illegal make-shift shops from the footpaths at New Market, Darul Fazal Market, Reazuddin Bazar Amtal and Station Road areas.

The legal commercial establishments remained blocked behind the rows of illegal make-shift shops for around two decades.

Chittagong Port Authority (CPA) Magistrate Mohammad Munir Chowdhury led the drive under "Operation Safeguard Civic Right" with the assistance of CCC and CMP.

Erected on the footpaths and drains, these shops also encroached on a remarkable portion of the busy roads.

The makeshift shops and vendors also cheat people with copied and lower quality goods while those occupying the footpaths in front of Municipal School sell adult video CDs to ruin the schoolgoers.

CDA demolished around 6,000 illegal structures at Bayezid Bostami Road, Sholoshahar

Gate No. 2, and Prabartak intersection during the last five days.

The illegal structures on the CDA acquired land have been hindering expansion of roads at those areas for decades, said the sources.

structures hindering road expansion at Sadarghat area yesterday.

Magistrate Tahera Ferdous led the drive in presence of CDA Chairman Shah Mohammad Akhter Uddin and Authorisation Officer Engineer Fazlul Karim.

CMP traffic department on Sunday identified two abandoned lands, one belonging to AK Khan industrial group at AK Khan Gate and the other to Aroma Tea Limited of Bangladesh Tea Board near Glaxo factory of the City Gate area, said the sources at traffic department.

CMP has written to CDA seeking the land to set up terminal for inter-district buses of Dhaka-Chittagong route.

Meanwhile, CMP held a meeting of Road Transport Committee (RTC) for determining the routes of city service buses in the city yesterday.

Representatives from all the authorities concerned, including CDA, CCC, Bangladesh Road Transport Authority

(BRTA), Transport Owners Association, Transport Workers Association, CMP Traffic Department and two members of the civil society attended the meeting with C M P Commissioner in the chair.

"No route has so far been determined for the city service buses in the port city but the authorities concerned issue license to them," said CMP DC Abu Sufian.

"Determining of routes and sealing capacity will help control the traffic movement more smoothly with much less manpower," he added.

Moreover, traffic department requests CDA to set up fencing at eight points in the city.

They are GEC, Sholoshahar, Muradpur, Bahodderhat, New Market, Agrabad Badamtali, Customs and Chittagong port Jetty No. 3 area.

The fencing will prevent rickshaws and vehicles from creating traffic jam in the city, sources said.

## Lack of streetlights encourages anti-socials

DWAIPAYAN BARUA

Many streets and alleys plunge into darkness as soon as dusk descends on the port city for lack of streetlights, creating fear among the pedestrians as well as passengers.

The absence of streetlights, a common sight for long, only favours the anti-social elements and criminals much to the fear and concern of the pedestrians and commuters.

Chittagong Metropolitan Police (CMP), several months ago, identified 80 points without streetlights in the port city as the most vulnerable to snatching or attacking rickshaw and other passengers.

Operating through syndicates across the city, the muggers prey on the pedestrians or passengers on the roads under Kotwali Police Station at Badsha Mia Chowdhury Road, Surson Road, Chittagong College to Parade Corner, Bangla College to Gani Bakery, Jamal Khan Moor, Shaheed Saifuddin Khaled Road, Kadamtali to Railway Public School, Tigerpass to Kather Bangle, Central Railway Building (CRB) area, Tin Poler Matha to Chatteswari Moor via Nasiman Bhaban, Gulzar Cinema to Chatteswari Moor (near Chittagong Medical College Hostel), Ashraf Ali Road to Avoymitra Ghat Road in Feeringee Bazar, Fisheryghat to Jaliganj and Iqbal Road of Patharghata, Kazir Dewry to Lalkhan Bazar, and Outer Stadium area.

There is no streetlight in most of these areas while a few lights were found damaged in some areas.

Commuters usually try to avoid these areas fearing the possibility of snatching.

Rafiqul, a rickshaw-puller, alleged he was victim of snatching thrice in last two months while going through Badsha Mia Road

and Chatteswari Moor.

"I think streetlights are badly needed on the roads especially in Surson Road, Chatteswari Road or CRB area as there is a few shops or other commercial establishments in these areas and the places are relatively quiet," he added.

Prabal, a resident of CRB area, said he usually takes CNG

Dhebarpar Lane, Link road adjoining Dewanhat Over Bridge and Boubazar Kancha Raster Matha.

Sajjadul Karim, a student who live in Agrabad T&T Colony, said snatchers and drug users sometimes damage the streetlights to carry their criminal activities easily.

CCC neither monitors condi-

auto-rickshaw to cross the area at night only to avoid snatching.

These aforesaid areas are also known as safe haven for the drug users and peddlers and the sex workers.

C M P Assistant Commissioner (AC) of Kotwali Zone Abu Baker Siddique said drug peddlers and sex workers take advantage of the darkness in the areas like CRB, Outer Stadium and Stadium Road adjoining to Chittagong Club.

Addicts take drugs in groups beside the electric poles and dustbins or on the footpaths at CRB and Outer Stadium areas at night.

The risky roads without streetlights under the Double Mooring Police Station are Agrabad T&T Colony to Chittagong Maa O Shisu Hospital, Upahar Cinema to Lucky Plaza, Lucky Plaza to Beparipara, Banani Complex to

tion of the streetlights nor they do repair the damaged lights, he added.

There are no streetlights in Rubi Gate area, Sher Shah Shaheed Minar Police Box, KDS Textile Gate, Bayezid Fire Service, Raufabad Colony, Amin Jute Mill Gate, Bangladesh Forest Research Institute area, Burma Colony and Hamjarbagh Moor under Bayezid Police Station.

During the outage these areas become dangerous for the pedestrians while cross the roads.

The officials concerned at the CCC Electric Department refused to talk to The Daily Star on the issue.

Executive Engineer Md Shahidullah, however, suggested The Daily Star correspondent to write to him seeking his interview for comment on the issue.
