AIUB's Excellence in Leadership

Any university is a self-righteous stronghold of highest education. As such it is taken for granted that the environment in and around the university is ideal for those who come to learn and those who impart learning. AIUB, ever since its inception, has been committed to maintain and enhance this principle.

Advancement

Founded in 1995 with 71 students, AIUB now has more than four thousand students pursuing undergraduate and graduate degrees in various disciplines. In today's 7th convocation, 753 students are graduating, the largest ever in the history of private universities in Bangladesh.
