POWER GRID COMPANY OF BANGLADESH LTD.

(An Enterprise of Bangladesh Power Development Board)

Red Crescent Concord Tower, 17, Mohakhali C/A, 6th Floor, Dhaka-1212, Bangladesh.

Ref. No: 01-PGCB/Sce/2007/1347

Date: 17 April, 2007

Notice of Expression of Interest (EOI)

Leasing one pair Optical Fiber of PGCB Network Countrywide

The Power Grid Company of Bangladesh Limited (PGCB) has decided to lease one pair of Optic Fiber Cable (OFC) Network countrywide to private sector for facilitating telecommunication, through competitive tender process and needs to hire a consultant for assisting PGCB in this regard. PGCB was formed in 1996 as a functional unit under the Power Sector Reform Program for managing high voltage power transmission network of Bangladesh. The company is installing OFC, commonly known as Optical Ground Wire (OPGW), along its high voltage transmission lines throughout the country.

PGCB now invites eligible consultants for Expression of Interest (EOI) for providing assistance to PGCB in this regard. The EOI should include relevant brochures, information and documents to prove the consultants competence. Consultants may associate to enhance their qualifications, but should mention whether the association is in the form of a "joint venture" or of "Sub-consultancy". In the case of an association, all member of such "association" should have real and well-defined inputs to the assignment. Associations with foreign firms are encouraged but not mandatory.

The competencies for review of the Consultants EOI will include:

- A firm or association or joint venture of firms shall need to have direct experience and capacity in carrying out such type of work.
- The team should consist of the personnel with skills and experience required to carry out this type of assignment and should include demonstrated skills in private sector infrastructure for telecommunications.
- The firm should have track record and significant experience in this area.
- Familiarity with Private Sector Infrastructure Guidelines and the roles and responsibilities of government.
- Analytical and reporting skills.

Interested consultants may submit EOI to the address below by **29 May, 2007.**

Request for Expression of Interest for
IT System Integration Firm for Central
Bank Strengthening Project (CBSP)

This request for expression of interest follows the general procurement notice for this project that appeared in United Nations Development Business No. 600 of February 16, 2003.

The Government of the People's Republic of Bangladesh received a credit from the International Development Association (IDA), and intends to apply part of the proceeds of this credit to payments under the contract for hiring a Consulting Firm for IT System Integration for the proposed Central Bank Strengthening Project (CBSP).

The principal objective of the Consulting Firm is to integrate different application software (Banking Application Software, Enterprise Resources Planning Software, Data Warehousing Software, Intranet Software, Credit Information Bureau Software, Automated Clearing System Software) to be procured for the automation of business processes of the Bangladesh Bank (the central bank). The services include facilitating the detailed development and implementation of the overall roadmap for application software implementation and their integration. The Consultants of System Integration Firm will work closely with the Project Director, IT Program Manager, the winning bidders of the different application software and the Modernization Experts to ensure integration of the above information systems. The selected consulting firm will work with Bangladesh Bank to achieve the above within an estimated thirty-six (36) man-months framework and expected to play a strong leadership role in the IT Systems integration of the CBSP.

The potential consulting firm must have internationally recognized expertise in large-scale IT systems integration and related systems management within the financial sector, preferably in the central bank, experience in working with senior line management in the design, development, and implementation of multiple software integration programs, and testing of the same for compliance to the industry standard, appropriate IT experience, understanding of working environment within a developing economy such as Bangladesh, and full understanding of how integrated IT system management can impact organizational performance, as well as expertise in work process re-engineering.

The Bangladesh Bank now invites eligible System Integration Firms to indicate their interest in providing the services. Interested firms must provide information that they are qualified to perform the services (documents may include -- description of similar assignments, experience in similar conditions, availability of appropriate skills among staff, etc.). The EOI would be reviewed on the basis of the following:

- Registration of firm
- Age of firm
- Availability of key professionals
- Availability of resources
- Experience of the firm in similar task
- Experience of the firm in other works
- Support services of the firm

Consultants may associate to enhance their qualifications, but should mention whether the association is in the form of a "Joint Venture" or "Sub-consultancy". In the case of an association, all members of such "association" should have real and well defined inputs to the assignment and it is preferable to limit the total number of firms including their associates to maximum of four.

A firm will be selected in accordance with the procedures set out in the World Bank's Guidelines: Selection and Employment of Consultants by World Bank borrowers, January 1997 and revised in September 1997, January 1999 and May 2002.

Interested System Integration firms may obtain further information at the address below during office hours.

Expression of interest must be delivered to the address below by May 14, 2007.
