AFP, Kuala Lumpur

Malaysia is hunting down more than 20,000 foreign nationals who have entered the country as tourists before staying on to find jobs illegally, reports said Monday.

The visa-on-arrival scheme was introduced last year ahead of a major campaign aimed at boosting overseas visitor numbers but Home Minister Radzi Sheikh Ahmad said it is being abused.

"We simplified the entry process for foreign tourists... but some people had abused the visa to stay in the country longer than the duration allowed," Radzi was quoted as saying by the state Bernama news agency.

The minister said tourists were using the one-month visa to work illegally, and that most over-stayers are from China and India, with a small number from African nations, the New Straits Times reported.

"They are lured because we are a prosperous nation. Many have entered the country and obtained the VOA, but they never left," Radzi was quoted as saying.

He said immigration officials, police and a volunteer force are conducting daily raids to find the over-stayers, who are deported.

Despite the visa abuse, Radzi said the government will not scrap the scheme, citing its importance for tourist arrivals.

## Shibir activists beat SCF leader on CU campus

CU CORRESPONDENT

Islami Chhatra Shibir activists of Chittagong University (CU) unit beat and injured a leader of Samajtantrik Chhatra Front (SCF) on the campus yesterday.

Mizanur Rahman, finance secretary of SCF and a fourth year student of sociology, was undergoing treatment at Chittagong Medical College and Hospital (CMCH).

Witnesses said a group of Shibir activists reportedly led by Suhrawardy Hall unit President Sayeed beat Mizanur without any provocation when he was taking breakfast at the hall canteen at around 9:15am.

The Proctor's office advised him to get treatment from CU Medical Centre, but the SCF leaders got him admitted to CMCH in the city fearing further attack by shibir men at the centre, sources said.

SCF President Kanchan Sarker and General Secretary Zamir Uddin Russel in a joint statement condemned the attack and demanded exemplary punishment to those involved in it.

With this incident, the shibir activists made three attacks on the leaders of Bangladesh Chhatra League (BCL), Bangladesh Chhatra Union (BCU) and SCF in last five months.

In one attack on December 24 last year, the shibir cadres injured 30 activists of BCL, BCU and SCF at different points on the campus.

A photojournalist was also injured in the attack.

In another attack on April 9, BCL leader Naimul Islam Nishat was injured.

Sources said the shibir activists are making attacks repeatedly to create panic among the supporters of other organisations in a bid to establish their supremacy in different dormitories and on the campus.

Students march in a procession in the city yesterday marking the Global Action Week 2007. The theme of the week is 'Education for All'.
