Call for Suggestions
Masjid Council for Community Advancement (MACCA) is a faith based development, humanitarian and campaigning organization working for global human security, peace and communal harmony.

With support from the Commonwealth of Learning and in coordination with Council for Interfaith Harmony, Bangladesh (CIHBD), MACCA is undertaking a program to train and equip religious leaders from different faiths to complement ongoing development efforts of government and NGOs. By using self-instructional open and distance learning approach this program will address identified barriers by clarifying myths, misconceptions and popular beliefs about different religious concepts on development and equip religious leaders with necessary knowledge, skills and tools (e.g. sermon guidelines) so that they can facilitate development process and contribute to the achievement of behavioral and social development goals.

MACCA is inviting suggestions from development players on possible issues that the program can address. We are interested to know in what areas the ongoing development projects face barriers from religious sector and how and in what areas the religious leaders can facilitate development work. Please send your suggestions to macca.commonwealth@yahoo.com. Upon receiving your suggestions, we will organize a few workshops for needs assessment and curriculum development.

Our mother is always with us... she is the whisper of the leaves as we walk down the street.
She's the smell of freshly bloomed flower.
She's the cool hand on our forehead when we are not well....
She's the only comfort when we are in fear.
Our mother lives inside our laughter
She's crystallized in every tear.
She's the place we came from, our first home
She's the map we follow with every step we take.
She's our first love and first heartbreak!
Nothing on earth can separate you "ammi" from us.
Not time, not space, not even death!
You're within each of us.
When we see the shadow by our side we know it's you "ammi"
Who stands with pride. Love you.
