Artistes of Palli Baul Samaj Unnayan Sangstha perform at the Public Library auditorium in the city yesterday. The event was organised to search for new talented Baul (folk) singers.

Initiative to turn wastes into 'wet', 'dry' substances

Bss, Dhaka

For the first time in Bangladesh, an initiative to turn wastes into 'wet' (biodegradable) and 'dry' (non-biodegradable) substances was launched by the Uttara Sector 5 Welfare Association at Uttara Model Town in the city yesterday.

With the technical supports from the Waste Concern, Sky Link, Clean Tech and the financial help from the KATALYST-Swiss contact, a multimedia presentation was demonstrated on the importance of waste separation at the launching ceremony.

biodegradable) waste were also distributed among the residents of Uttara Model Town, a press release of the Waste Concern said.

More than 400 community people, including housewives and children were present on the occasion.

Dhaka is one of the fastest growing metropolises of the world with an annual average growth rate of a 6.6 per cent in population, the press release said.

Within the Dhaka City Corporation (DCC) area alone, the population is estimated at Seven million, generating some 3500-4000 tonnes of municipal solid waste daily.

Police recovered a woman's body inside an under-construction building at Harirampur Anandanagar of Mirpur in the capital yesterday.

The assumed 20-year-old woman was yet to be identified.

She did not have any clothes on, her hands and legs were tied and her throat was slit, sources said.

Police sent the body to Dhaka Medical College morgue for an autopsy.

Police think she was probably killed after being abducted and brought to the spot.
