## 40 hurt as students, transport workers clash in Gazipur

A CORRESPONDENT, Gazipur

At least 40 people were injured and several vehicles were damaged as students and transport workers were locked into a fierce clash over the throwing out of a female student from a vehicle in front of Pubail Adarsha College in the district.

Witnesses said Susmita Das, a second year student, was thrown out of the vehicle in front of the college at around 8:00am leaving her seriously injured.

She was admitted to Tongi Government Hospital and later shifted to Apollo Hospitals in Dhaka.

The angry students set one bus and two motorbikes on fire and damaged several vehicles.

Traffic on Tongi-Kaliganj Road remained snapped for six hours.

The students also staged demonstration on Tongi-Kaliganj Road at around 10:00am and beat up the workers.

Joydebpur and Tongi police rushed to the spot and brought back the agitating students to the college campus.

At that time, some 40 to 50 transport leaders and workers riding on bus and motorbikes attacked the students and vandalised the class and office rooms, leaving at least 25 students injured.

In retaliation, the students torched a bus and two motorcycles of the workers who were also injured in the attack.

They were sent to Gazipur Sadar Hospital and Dhaka Medical College and Hospital.

Mizanur Rahman, officer-in-charge of Joydebpur Police Station, said they arrested Qayum Master, 35, an official of Arabian Transport in this connection.

## UK help for diarrhoea treatment

The United Kingdom (UK) has contributed about \$500,000 (Tk 3.4 crore) to International Centre for Diarrhoeal Disease Research, Bangladesh (ICDDR,B) for treating people with diarrhoea, says a press release.

This will help ICDDR,B treat 1000 patients a day with saline, antibiotics and provide food and electricity for the temporary wards.

Of the amount, \$400,000 is additional money from DFID while the rest \$100,000 is being allocated by UNDP.

The recent flood has seen a rapid escalation of the number of patients and ICDDR,B is now treating four times their normal capacity.

ICDDR,B has appealed for additional tents, beds, staff, saline, and pharmaceuticals to provide treatment to increasing number of patients arriving every day at the hospital in severe state of dehydration.

Up to 30 percent of these patients could die if they did not receive life-saving and immediate support that ICDDR,B provides.

Responding to recent floods in Bangladesh, the UK has now given \$4.2 million (Tk 28.8 crore) as immediate aid for providing food, water, shelter and lifesaving medicines to almost 1 million people in the worst-affected districts.

The assistance has been provided through UNDP, the Chars Livelihoods Programme, and the ICDDR,B.

DFID Country Representative Chris Austin said the monsoon is not yet over here though water has receded in many places leading to a spread of waterborne diseases such as diarrhoea.

The government and non-government organisations such as ICDDR,B are doing a fantastic job to deal with the situation, he added.

The UK is glad to be helping, Austin said, adding, "But we are well aware of the possibility of further rain and resurgence in the flooding, and we stand ready to provide even further support if needed."

Every year, the UK contributes \$240 million (Tk 1646 crore) through DFID in support of Bangladesh's development efforts, making it the largest bilateral partner.

## 'CARTOON AGAINST CORRUPTION' LAUNCHED Cartoon an effective tool to raise awareness about corruption

STAFF CORRESPONDENT

Renowned cartoonists yesterday said the content of cartoons, which are published in daily newspapers, should be authentic so that the people are not misled.

Cartoon can be used as an effective tool to raise awareness about corruption, they said at a publication ceremony of a book titled 'Cartoon Against Corruption' at the National Press Club. Transparency International Bangladesh (TIB) published the book.

"The content of cartoons, drawn especially for newspapers, should be authentic. Cartoonists should be more conscious of the theme of their cartoons. People might be misled if the cartoon is not based on fact," said cartoonist Shishir Bhattacharya.

"Cartoon is not only a picture.

There are a lot of messages in the cartoon," he said.

He also said that popular cartoons should be published in different newspapers through news agency.

Artist Rafiqun Nabi said any restrictions on the publication of cartoons should be withdrawn as cartoon does not directly cause harm to anybody, but it can point out irregularities in society.

Shanier Khan, cartoonist and city editor of The Daily Star, said reporters sometimes cannot publish their reports on corruption due to lack of proper documents, but a cartoonist can disseminate the same message through cartoons against corruption.

Cartoon has now become a popular medium and it can play a vital role in the fight against corruption as even illiterate people can get the message from a cartoon, he said.

Prof Syed Manzoorul Islam, TIB Executive Director Dr Iftekharuzzaman, cartoonists Ahsan Habib, Bipul Shah, Asiful Huda, Manik and Ratan also spoke at the programme.

### IBA Executive MBA admission test postponed
