Kabir Ahmed Khan
 Project Director
 04 Post Flood Rehabilitation Project
 Dhaka WASA

Government of the People's Republic of Bangladesh
 Ministry of Environment and Forests
 Bangladesh Forest Research Institute
 Chittagong, Bangladesh

Invites applications for the following position: (Re-advertisement) International Design Consultant (one person)

Bangladesh Forest Research Institute (BFRI), the Project Executing Agency (PEA) has received grant from the Common Fund for Commodities (CFC) towards the cost of the project "Market Development of Bamboo and Rattan Products with Potential" and intends to apply part of the proceeds of this grant to payment under the contract for the provision of international consultancy services by individual consultant or firms and now invites applications for the **International Design Consultant**. The project is simultaneously implementing in Bangladesh, Nepal and Myanmar. The duration of the project is 3 years. The project goal is to improve quality, durability, market opportunities and resource base of bamboo and rattan based commodities and their sustainable development in the least developed countries.

The International Design Consultant will assist and advice the Regional Design Consultant to perform the following duties and responsibilities:

1. Identify the need and scope of design improvement of bamboo and rattan (B&R) commodities that satisfy both local and international markets.
2. Select at least 10 (ten) flat-pack furniture, handicrafts and other items made of bamboo and rattan (B&R) with high demand in the local and international markets.
3. Develop improved designs and assist artisans in producing B&R products with new designs and ideas.
4. Work closely with the production team for product design improvements that satisfy both local and international markets.
5. Monitor and evaluate the performance of the production team in developing suggested designs.
6. Evaluate and assess the status and quality of various B&R finished products.
7. Suggest necessary steps for improving the designs and skills of the production team.
8. Design the workshop components and provide on-the-job training to the beneficiaries identified by PEA.
9. Present the physical progress of activities in workshops and accommodate necessary changes in bamboo and rattan commodity designs as suggested by the marketing team.

Requirements: Masters degree in Wood Technology or in related fields with a minimum of 10 years experience in product design and training. Excellent communication and written skills in English. Proven ability to work as part of a team in an international and multicultural environment. Should have thorough knowledge of bamboo and rattan, its products and their markets. Should have a good physique for extensive traveling.

Duration: 01(one) month in Bangladesh and 01 (one) month in Nepal, duration may be extended.

Duty Stations: Bangladesh Forest Research Institute, Chittagong, Bangladesh and

Department of Forest Research and Survey (DFRS), Katmandu, Nepal.

Salary: Selected candidates will be provided with an attractive and competitive salary depending on her/his qualifications and experience.

Referees: Addresses of two referees preferably present and previous employers who can certify.

Applications in English including curriculum vitae should be submitted by e-mail and also by post within 30 September 2007 to the address given below.
