CAREER OPPORTUNITY

..... **Management Trainee for**
An International Joint Venture Financial Institution

An international joint venture financial institution operating in Bangladesh for the last 26 years in the fields of corporate and retail business has a number of vacancies for its growing operation in Dhaka. The institution specializes at corporate finance in the form of loan, lease, equity and quasi-equity and also at retail services in the form of loans and structured deposit products.

Management Trainees (MT): Incumbent positions-05
 The MTs will have an effective job training program covering all the departments and functions of the institution. During this period s/he will experience an exciting learning environment in corporate & retail marketing; product, processing & customer service; financial planning & administration and information technology areas of the organization. The Management Trainees will be groomed for future management positions.

Academic Qualifications and Work Experience:
 MBA/BBA or other Masters/Bachelor degree in Finance, Accounting, Marketing, and Economics from a reputed university. Candidates must have obtained a CGPA of 3.0 (out of 4.0) or equivalent class/division for his/her bachelor/ honors degree. Some work experience is desired, but not a must. Such experience (if any) can be with any sector of the industry and in any discipline.

Compensation:
 An excellent compensation package and learning environment await the right candidates.

Instruction:
 Please send your C.V. with 2 recent passport size photographs at the following address by September 13, 2006. Please mention the position applied for on top of the envelope. Kindly do not attach copies of the certificates, testimonials or any other documents at this stage. Only short listed candidates will be contacted.

An appeal to the Care Taker Govt., Donor Agencies, Banks & Others Concerned:

Only Production and self-employment oriented agriculture based education system can bring about revolution in agriculture and agro-industry, can reduce price of agricultural commodity, can abstract process of creation of unemployment & poverty and thus eradicating existing multifaceted Socio-economic & Political problems & crises due to ever increasing poverty, unemployment & higher prices of daily needs can ultimately build a prosperous Bangladesh. For this purpose all the rural Secondary Schools need to be turned into Agri-schools and rural Colleges into Agri-college and all the urban Secondary Schools & Colleges may be turned into Engineering Schools & Engineering Colleges and Business School & Business Colleges respectively. Higher education of existing system may remain unchanged. If the present Care Taker Government could reform the education system this way, the present & future generation of the Nation would remember them forever with utmost love & gratitude. Besides Govt. Policy, the expansion of production & self-employment oriented education along with three share basis co-operative farming system (One share for land, One share for Labor and One share for capital) is possible in another way by establishing a specialized private residential "University of Self-employment major in Agriculture, Co-operative, Commerce & Industry for the less meritorious students" having its campus in a Poultry, Dairy & Fishery Farm Complex surrounding agricultural land. To prepare project profile based on this concept and run such a project of specialized private university may cost above Tk.200 Millions (twenty crore). My appeal to the Care Taker Government, National & International Donor Agencies, Banks, Sponsors and Others concern to finance us as loan or grant for the sake of this unfortunate Country and Nation.

With thanks,
President, Rupsha En. Foundation, Mobile: 01817-565695
