

## CHECK IT OUT

## Indulge, the 'Herbal Solutions' way!

WITH Eid literally knocking at your door, and with only the last few days of Ramadan left, it is absolutely necessary that you start rushing into the last minutes of Eid preparations! Get right down to the basic chores, such as, completing any shopping left undone, preparing the list of what snacks and dishes to prepare or the regular house cleaning or rearranging before the much waited day. While all of this is indeed very important, let us not forget, that this is also the time when all you hard-working ladies out there have to start scheduling appointments at the various hair and beauty salons for that most deserving and essential of things to do- grooming before Eid!

Make sure to take a day off from work and household stuff, a much-earned day to pamper yourself and get back in touch with your glamorous side. Set all your worries aside, and just lay back and enjoy! Grooming can include anything or everything- from getting a new haircut to getting your nails done (a must if you have been doing the dishes all year round).

While popular and obvious names such as Persona and Women's World pop into the mind when thinking of beauty salons, it is never unwise to try out a few of the new openings as well. Tucked away in a little less obvious, yet no less comfy, nook in Baridhara, Herbal Solutions Day Spa and Beauty Studio has a lot to offer! According to owner and founder Sultana Parveen Huq, the spa, as the name suggests, has focused mainly on services such as massages, facials and aroma therapy, since its existence, which has been a little over two years now. They have now extended their services to hair styling and make-up as well, due to client demand. Also including

two fully equipped Jacuzzis, the beauty studio is the first of its kind in Bangladesh. With a total number of sixteen employees Herbal Solutions offers a multitude of facials, body scrubs, hair and skin treatments and massages. When you walk through the glass doors, what will strike you immediately is the relaxing atmosphere and ambience, the only sound, that of the soothing music, because employees are trained and instructed to avoid talking so as not to disturb clients, while the

avoid using any sorts of chemicals, using only pure French essential oils that are imported from Thailand. With an exclusive list of clientele that include many foreigners and diplomats, one doesn't really need to wonder much about the quality of their service.

Herbal Solutions offers a variety of reasonably priced services that include facials (ranging from Tk.450-Tk.1000), body massages (Tk.750-Tk.1600), scrubs (Tk.1000-Tk.1300), spa & Jacuzzi (Tk.650), as well as the usual hair treatments (Tk.400-Tk.650) and threading (starting from Tk.50). The salon also offers free consultations regarding skin and hair treatments such as sunburn, freckle removing and hair fall therapy. Apart from these, Herbal Solutions manufactures and markets their own line of completely natural, custom-made products under the brand name 'Rapunzel', which include face/hair packs, body oil, make-up remover, facial toner, etc.

This Eid, Herbal Solutions has on offer a variety of deals and discounts of up to 15% that include gifts and freebies. Also available are platinum membership cards, which allow for a certain amount of discount to members, as well as gift vouchers, which can make convenient gifts for you to give to friends and family.

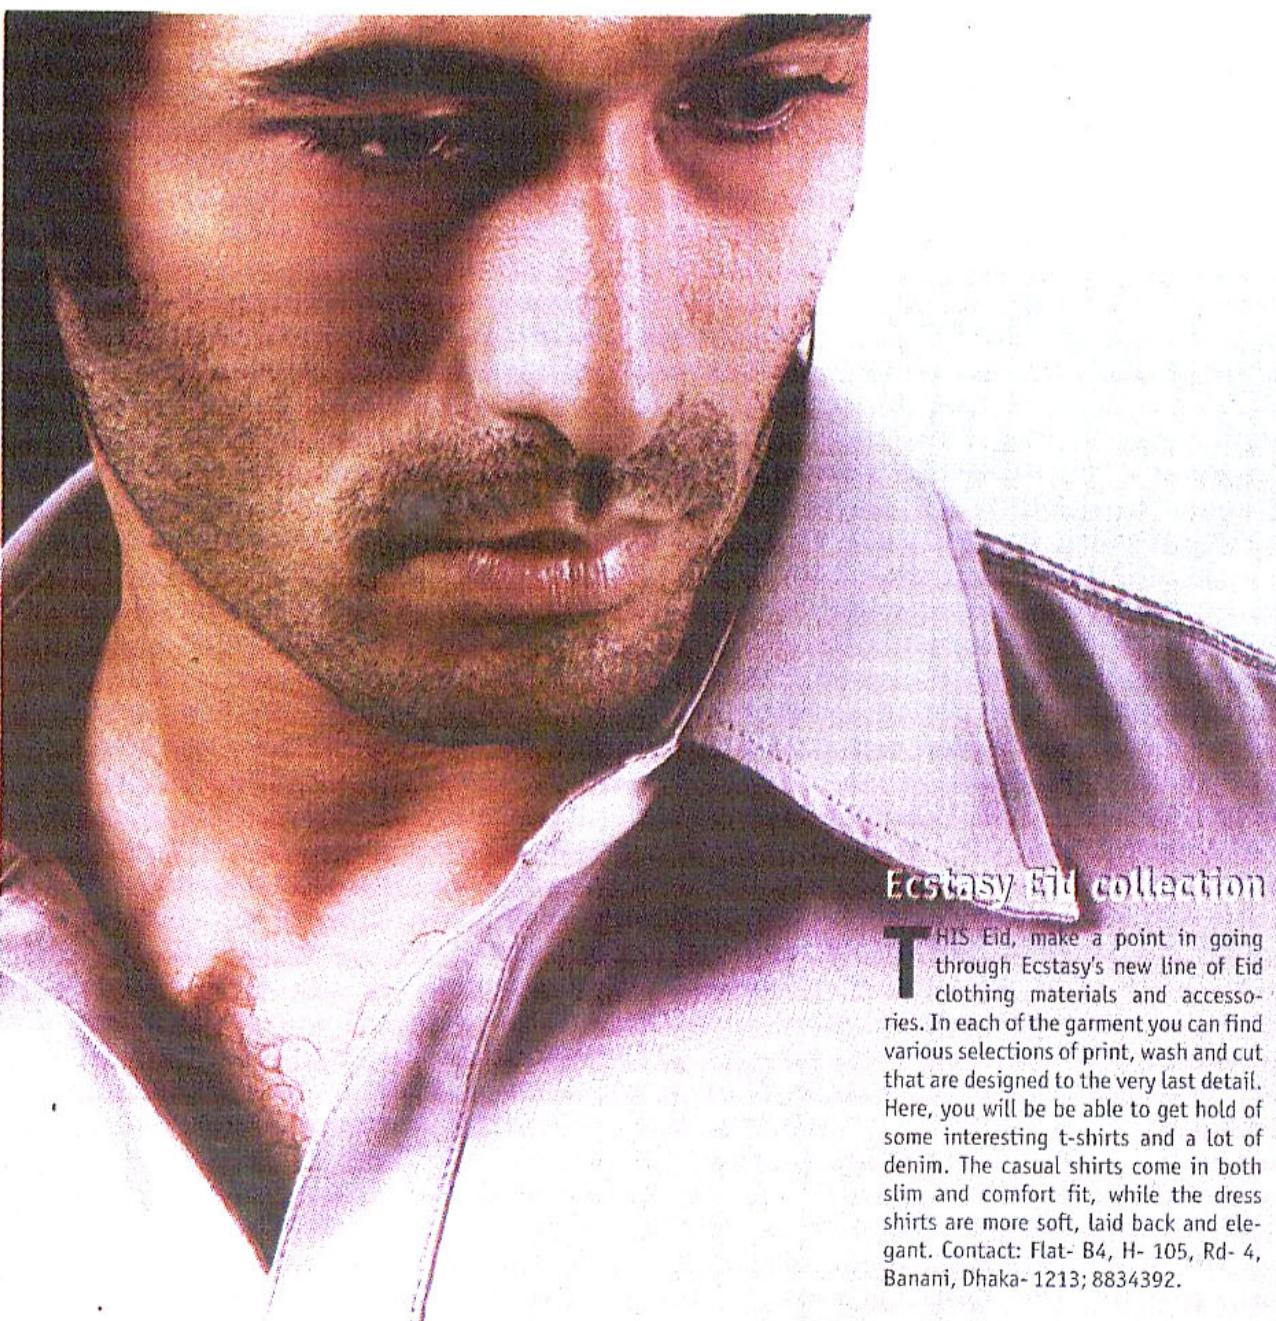

So, make sure to stop by, and while away relaxing hours in one of their Jacuzzis, amidst floating petals and scented candles accompanied by a fresh fruit juice on the house, or doze off under the expert hands of the masseuse, because this Eid, Herbal Solutions Day Spa & Beauty Studio will show you the way to truly indulge!
