

SAUFEST 2008

Amidst the Mountains of Kathmandu

Nazia Ahmed

SAUFEST is a noble concept of the AIU that ensued with a goal to promote active collaboration and mutual understanding among the South Asian Countries in educational, social, cultural and economic fields thus bringing the youths to share their views and ideas on a common platform. From Bangladesh we from BRAC University along with our team of 12 members that included our two teachers Sahana Bajpei Chowdhuri and Tanzir Ahmed Chowdhuri and a team of 10 students from different departments started our journey for the beautiful city of Kathmandu Nepal. On our way to the Airport, we met the Team of National University who will be representing Bangladesh with us. The team included BUET, DMC, Rajshahi University, Chittagong University, Independent University and a few colleges under NU.

At the airport the Kathmandu University Heartily welcomed us with flowers and ushered us to their beautiful university located on the peak of a mountain in Dhulikhel. After reaching and getting done with the registrations, we stood stunned by the view of the Himalayas that seemed only a few miles away, changing colours every few minutes!

7th February, Thursday:

In the morning we all dressed up for the procession and banner displays in the opening ceremony of SAUFEST 2008.
