Declare election date

Menon urges govt

STAFF CORRESPONDENT

Workers' Party of Bangladesh President Rashed Khan Menon yesterday warned the government of not playing games with the election.

"Don't play with the election. You will not sustain as no government since the Pakistan regime could continue after playing games over holding election," he said.

He was addressing a discussion to mark the May Day organised by the party at Engineers' Institute auditorium in the city.

Memon asked the government to announce election date without any further delay, as there is doubt in people's mind over holding election.

"The attempt to control the democracy in the name of a new brand of democracy won't be fruitful."

He warned the authorities that it would not be fruitful to form a parliament through stage-managed election by selecting people by special agencies and in the name of constituencies' delimitations.

Terming the two former premiers 'political detainees', Menon said they were arrested

not for corruptions but for political reasons that is why they are political detainees.

He blasted the people who say Bangladesh was derailed before January 11 last year, saying, "Train was not derailed. But the local and foreign conspirators derailed the train."

Pointing to Dr Kamal Hossain's remarks that those who demanded release of political leaders should be treated as cohorts of the corrupt, he said they (two top political leaders) were not arrested on corruption charges.

Demanding release of a list of the people who whitened black money after the present government had assumed power and declaring them disqualified for election, he said, "Whitening black money is also a corruption."

Menon also criticised BNP leader Abdul Mannan Bhuiyan for his recent proposal to bring balance between the president and prime minister, saying that they were in power with two-third majority but did not take any initiative to do this.

Workers Party General Secretary Bimal Biswas, party leaders Haider Akbar Khan Rono, Fazle Hossain Badsha, Ruhul Kuddus Babu and economist Prof Abul Barakat also took part in the discussion with Abul Bashar in the chair.
