

## DAYS OF SUMMER FRUITS NOT YET OVER

**S**UMMER fruits flood city's wholesale markets even though the season is almost over and the month of *Ashar* is drawing to its end. Mangoes, jackfruits, pineapples, dates, star fruits, water apple, palm etc are still available aplenty in Badamtoli and Shyambazar. The two

biggest wholesale markets are buzzing with activity while truckloads and boatloads of fruits are unloaded every day from all corners of the country.
