

Businessmen's wrong data hinder proper policy formulation

Blames finance adviser

UNB, Dhaka

Finance Adviser Dr Mirza Azizul Islam yesterday accused businessmen of providing inaccurate information of their business hindering appropriate economic policy.

He called upon businessmen and industrialists to cooperate Bangladesh Bureau of Statistics (BBS) in accelerating their ongoing "Survey of Manufacturing Industries (SMI)" and "Annual Establishments and Institutions Survey (AEIS)" by providing accurate information.

He was speaking at an exchange of opinion meeting with the industrialists and businessmen at NEC, with Planning Secretary Jafar Ahmed Chowdhury in the chair.

Special Assistant to Chief Adviser for Industries Mahbub Jamil, business leaders, academics and economists took part in the discussion, seeking appropriate information to

facilitate policy decisions.

Aziz said the businessmen and industrialists provide inaccurate information on consideration that the National Board of Revenue (NBR) would use their facts and figures for purpose of tax assessment.

He added that it was found in some cases that the businesses were running without profit for a long time, which is not acceptable. "They hide actual information to evade taxes."

The adviser said businesses also try to give information in a manner that would match the information they provided to the NBR for tax purpose.

"There is no rational of such fears," he told the businessmen, adding that the Bureau of Statistics is by law restricted to reveal individual company information.

The finance adviser apparently tried to remove the apprehension of the business community that providing actual facts and figures of their

performance would be used to make them pay higher taxes.

He hoped the businessmen would cooperate with BBS by providing accurate information so that the government could undertake policies on the basis of information as accurate as possible.

Speakers pointed out that the tendency of suppressing information was out of fears. However, businessmen admitted that accurate information of their performance would facilitate appropriate policy decisions that would ultimately benefit them and the economy as a whole.

Giving an overview of the SMI, BBS Director General AYM Ekramul Huq said the 27th survey of manufacturing industries would be conducted under the AEIS for the first time in an effort to calculate the contribution of manufacturing sector to GDP.

Earlier, the BBS published SMI-25 survey reports, while the 26th is under process of publication.

Restriction on Indian sugar export from Oct

PALLAB BHATTACHARYA, New Delhi

Concerned over rise in the prices of sugar in domestic market, the Indian government has decided to control the item's export from October.

"The export assistance will not be given and release order mechanism for making exports will also come back from October," a senior official of the Ministry of Food said.

The domestic sugar industry has been informed of the government's decision well in advance to help it devise strategies to compete in international market, he said.

India is the second largest manufacturer of sugar after

Brazil and produced 283 lakh tonnes of sugar in 2006-07 season. Sugar output in the current season (from October to September) is projected at 265 lakh tonnes.

India has already banned export of non-basmati rice, maize and some other foodgrains to combat inflation, which is running at a four-year high at 12 percent.

Int'l show on CNG Nov 22

STAR BUSINESS REPORT

A three-day international exhibition on CNG products and services, the first of its kind in the country, will begin in Dhaka on November 22.

The show styled '1st International CNG Exhibition 2008' will provide an opportunity to have first-hand knowledge about the new CNG-related products and services available in the world market, the organisers said at a press conference in Dhaka yesterday.

Global Event Management Services (GEMS) will organise the event, while Petrobangla, RPKCL (Rupantarita Praktik Gas Company Ltd) and Asia Pacific Natural Gas Vehicle Association will support the show.

"The exhibition will play an important role in encouraging foreign investors to invest in CNG sector in Bangladesh," said Kamal Uzzaman, chief executive officer of GEMS.

Some 80 companies including CNG (compressed natural gas) conversion kit, compressor and cylinder manufacturing firms from 18 countries and host Bangladesh are expected to participate in the exhibition at Bangladesh-China Friendship Conference Centre.

International companies from Korea, Pakistan, China, India, Canada, Australia, Singapore, Malaysia and Indonesia have already confirmed their participation, said Kamal.

The Daily Star, Cannel i, Radio Foorti, GNV Magazine, NGV Global and ICNGV are the media partners of the show.

On the sidelines of the event, seminars, training programmes and field tours will be held.

Indian food festival at Radisson

STAR BUSINESS DESK

An eight-day Indian food festival began at Radisson Water Garden hotel in Dhaka on Tuesday.

Pinak Ranjan Chakravarty, Indian high commissioner to Bangladesh, inaugurated the festival, which is showcasing delicious and genuine cuisines and desserts from different states of India.

The festival offers mehendi or henna tattoos for women, which is typically used during such special occasions as weddings and festivals in the subcontinent. Besides the mehendi, there are Churi (bangles) and Bindi (a forehead decoration) as gifts for female guests at the festival.

Mugizhan Sambandhamoorthy, senior manager of National Key Accounts South Asia of MasterCard Worldwide, and Abul Hasnat Md Rashidul Islam, chairman of Dutch-Bangla Bank Ltd, among others, are seen at a recent licence handover ceremony.
