D-689

Government of the People's Republic of Bangladesh
Office of the Bangladesh Telecommunication Regulatory Commission
Setu Bhaban, New Airport Road, Banani, Dhaka-1212, Bangladesh.

No.BTRC/WB Project/Consultant (EOI-QoS) 2008-27 Date: 21 August, 2008

BANGLADESH TELECOMMUNICATION TECHNICAL ASSISTANCE PROJECT
CONSULTING SERVICES
Project ID No. P081849
REQUEST FOR EXPRESSIONS OF INTEREST FOR
Technical Standardization, Quality of Service and Performance Monitoring (BTRC – Package 4.2)

This request for expressions of interest follows the general procurement notice for this project that appeared in Development Business No. 605 of 30 April 2003.

The Government of Bangladesh has received a credit from the International Development Association (IDA), and intends to apply part of the proceeds of this credit to payment under the contract for the Telecommunications Technical Assistance for the Technical Standardization, Quality of Service and Performance Monitoring consultant.

The services include : (1) Advising and assisting BTRC to design and develop an appropriate technical standardization process (Technical Standardization) framework; (2) Quality of Service standards for all licensed operators (Quality of Service Standard) and (3) Carrier monitoring processes and procedure for implementation, in a competitive Bangladesh Telecommunication sector and introduce these concepts into the regulatory framework (Performance Monitoring).

Bangladesh Telecommunication Regulatory Commission (BTRC) now invites eligible consultants to express their interest in providing the services. Interested consultants must provide information indicating their qualifications to perform the services (brochures, description of similar assignments, experience in similar conditions and actually has done such job, availability of appropriate skills among staff, etc.). More than one consultant may associate to enhance their qualifications. A consultant will be selected in accordance with the procedures set out in the World Bank's Guidelines: Selection and Employment of Consultants by World Bank Borrowers, January 1997 (revised September 1997, January 1999, and May 2002).

***TIMING:** The entire assignment is scheduled to be completed within 8 months from the date of signing the agreement between the BTRC and the Consultant. It is expected that the assignment will require 6 professional man months of effort with minimum presence of 4 professional man-months in Bangladesh. The Consultant should indicate if the time required to complete the work differs from this schedule. This will be taken into account when evaluating the proposals.

*** CONSULTANT QUALIFICATIONS:**
The Consultant is expected to be a firm or joint venture of firms and will be selected based on its experience and capacity in carrying out this type of work. Its knowledge of, and experience in, technical standardization, Quality of service and performance monitoring, particularly in developing countries, will be most important. The Consultant's team should consist of personnel with skills and experience in Telecommunication sector, with at least one of them having 10 or more years of experience in Telecom Standardization, and be familiar with international practices. Key required team members include:
1) Team leader and Telecommunication engineer, with demonstrated knowledge and at least 5 years of experience in developing frameworks and implementing them in the areas of technical standardization, QoS and performance monitoring.
2) Regulatory specialist with demonstrated knowledge and at least 5 years experience in developing and implementing relevant regulatory frameworks.
3) Telecommunication specialist, with demonstrated knowledge and at least 3 years experience working with regulatory agencies in implementing technical standardization and QoS frameworks.

Interested consultants may obtain further information from the address below within 9:00 am to 4:00 pm and BTRC website. Expressions of interest must be delivered to the address below by September 8, 2009.

CONSULTING SERVICES
Project ID No. P081849
REQUEST FOR EXPRESSIONS OF INTEREST

Consulting Assignment on Review of Existing National Frequency Allocation Plan, Spectrum Auditing, Mechanism to Allocate Frequency for New Services and Their Pricing Policy (BTRC – Package 4.2)

This request for expressions of interest follows the general procurement notice for this project that appeared in Development Business No. 605 of 30 April 2003.

The Government of Bangladesh has received a credit from the International Development Association (IDA), and intends to apply part of the proceeds of this credit to payment under the contract for consulting services.

The services include: (1) Reviewing the existing National Frequency Allocation Plan (NFAP) and make necessary revisions (2) Carrying out an Audit of Spectrum in order to establish what spectrum has been allocated, what is currently in use and identify available spectrum; allocated & in use, allocated & un-used, un-allocated pocket frequency and (3) Assessing technology trends and its impact on future prospective frequency spectrum allocation in Bangladesh (4) Developing a mechanism for allocation of frequency for New Services and their pricing policy and (5) Reviewing the existing Spectrum pricing policy and recommend new and pragmatic pricing policy of spectrum (6) Developing guidelines for Bangladesh Telecommunication Regulatory Commission for implementation of these concepts into the regulatory framework.

Bangladesh Telecommunication Regulatory Commission (BTRC) now invites eligible consultants to express their interest in providing the services. Interested consultants must provide information indicating their qualifications to perform the services (brochures, description of similar assignments, experience in similar conditions and actually has done such job, availability of appropriate skills among staff etc.). More than one consultant may associate to enhance their qualifications. A consultant will be selected in accordance with the procedures set out in the World Bank's Guidelines: Selection and Employment of Consultants by World Bank Borrowers, January 1997 (revised September 1997, January 1999, and May 2002).

TIMING: The entire assignment is scheduled to be completed within 7 months from the date of signing the agreement between the BTRC and the Consultant. It is expected that the assignment will require 5 professional man months of effort with minimum presence of 4 professional man months in Bangladesh. The Consultant should inform if the time required to complete the work differs from this schedule. This will be taken into account when evaluating the proposals.

CONSULTANT QUALIFICATIONS:
The Consultant is expected to be a firm or joint venture of firms and will be selected based on its experience and capacity in carrying out similar type of work. The consultants are expected to have detailed knowledge and demonstrated experience in:
* Frequency planning and allocation, spectrum auditing, new generation services and spectrum pricing.
* ITU framework for spectrum management and allocation, especially as it pertains to Bangladesh.

The Consultant's team should consist of personnel with skills and experience in radio communications and telecommunication sector, with the team leader having 8 or more years of experience in all aspects of spectrum management policy, planning and administration.

Interested consultants may obtain further information from the address below within 9:00 am to 4:00 pm and BTRC website. Expressions of interest must be delivered to the address below by September 8, 2008
