I am pleased to know that REHAB has organized its Eighth "REHAB Fair" from 11 - 15 November 2008 in Bangladesh - China Friendship Conference Centre, Dhaka.

Economic development and improving quality of life of the people are prime considerations of the government. In this context, the contribution of the real estate and housing sector is worth mentioning. It is creating employment opportunities, establishing backward and forward linkages, ensuring steady growth pattern, etc. As a whole, the value addition of the sector to the economy is enormous.

Our government is striving hard to provide shelters to the people. In this context, the role of REHAB has to be appreciated with due regard. REHAB has shown its efficacy as a development partner in the real estate and housing sector. It has incorporated changes in building designs addressing environment considerations, increasing utilization of land, etc. All these are considered as milestones achieved by REHAB. Government, accordingly, has always been supportive to REHAB in its various endeavours.

I extend my heartfelt felicitations to the members of REHAB and wish the REHAB Fair 2008 all success.

The need for a shelter is a fundamental right, but there is an acute shortage of affordable housing in both urban and rural areas of Bangladesh. It is very difficult for the government alone to ensure housing for all. REHAB, the only apex body of Real Estate Developers with a current membership of 453, has therefore gone all-out to provide housing along with government and thereby building better life for the people of our country. We are putting a lot of our effort in improvement and expansion of service delivery system in many different ways. REHAB Fair, the biggest yearly exposition of Bangladesh in terms of investment and popularity, is one of the endeavors of REHAB to provide services to city dwellers. This fair gives the opportunity to our valued clients to see and compare different projects of different developers under single roof.

It is indeed a great pleasure for me to extend you all a very hearty welcome to REHAB Fair 2008, being held from 11-15 November 2008 at Bangladesh-China Friendship Conference Centre. A total of 187 REHAB member developers and 04 financial institutions are enthusiastically participating in this gala exposition.

REHAB has been very active in advocating its ideas and plans for development of the housing sector. Recently, REHAB along with other professional bodies assisted the Government in formulating of the by-laws "Dhaka Mohanagar Imarat Nirman Bidhimala 2008". At the same time, REHAB has formulated the "Code of Conduct" for REHAB member developers which will help us to give an institutional shape to our real estate sector.

On this auspicious occasion of REHAB, I would like to share the joy and success with all the members of REHAB, Fair Standing Committee, EC members, participants, Sponsors, Advertisers, Honorable Guests, Journalists, our valued clients and employees of REHAB Secretariat. I hope, REHAB Fair 2008 will help us to reach newer heights and open the door for member developers to become the symbol of trust for the valued clients.

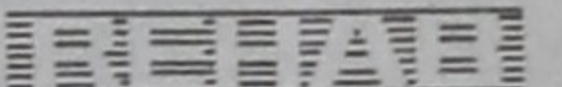

Thanking all and wishing a grand success of REHAB Fair 2008.
