THE Khulna University of Engineering & Technology has an objective of achieving excellence in higher education, research, and development in the field of engineering and technology. This university was founded in [illegible] as the Khulna Engineering [illegible]ge and Prof. Dr. M N Az[illegible]s [illegible]nted as the projec[illegible] the college. In the beginning it started with a few teachers but is now home to thousands of students and teachers.

During its early years, there was no place for academic and administrational freedom.

So several academic and [illegible]ministrational problems were [illegible]ll the [illegible]chers and [illegible]o the [illegible] verted to an autonomous institution called Bangladesh Institute of Technology (BIT), Khulna in July 1986 through an ordinance of the Government of Bangladesh with a view to providing more opportunity and autonomy for the improvement of the quality of higher education. The institution was converted into Khulna University of Engineer[illegible]y T[illegible]nology [illegible]T) on S[illegible]
