**ASIAN UNIVERSITY FOR WOMEN**  
**OPEN POSITION**  
**COUNSELLOR IN HOLISTIC HEALTH AND WELLNESS CENTER**  
The Asian University for Women (AUW) is being established as a leading institution of higher learning for women from across Asia ([www.asian-university.org](http://www.asian-university.org)). The campus is located in Chittagong, Bangladesh. The University will be a regional institution dedicated solely to women's education and leadership development.  
The university years are a time of growth, changes, and challenges. During this period, students become exposed to a wide range of needs and concerns. In the case of many AUW students, such issues may be exacerbated by the transition from one country to another. The students may experience heightened strain when acclimatizing to their new environment, which can affect both their academic performance and their physical and mental health. Thus the Holistic Health & Wellness Center is being set up to be an integral part of student life, as it would provide them with a physical fitness regimen as well as a safe, confidential space to share their concerns. AUW is now seeking a professional counselor to be part of the Center, which currently has two full-time nurses and one doctor on call. The Counselor will report to the Director of Student Affairs.  
**Job Description**  
The Counselor would provide mental health counselling and psychotherapy to the AUW community, focusing on students' needs; participate in campus outreach programs; and assist faculty and staff with students regarding mental health situations. She will also focus, from a community perspective, on the needs of AUW at large in order to foster a collaborative relationship with all segments of this institution. She will run workshops focused on issues such as academic anxiety, stress, nutrition, body image, relationship support, coping with university life, procrastination, homesickness and loneliness, acculturation, and other student and staff concerns. The Counselor will also serve on the AUW admissions review committee. The salary is commensurate with education and experience.  
**Key Responsibilities**  
1. Build effective therapeutic relationships of trust and respect and support individuals during times of personal crisis  
2. Design and implement initiatives to support new students and staff in their transition to University, new country, etc.  
3. Assist the AUW in developing policy and procedure guidelines on issues including the psychosocial wellbeing of students, staff and other members of the University community, and supporting students with disabilities and psychiatric/psychological problems.  
4. Establish a clinical advisory council from the region that can assist with complex clinical cases and cultural differences.  
**Job Requirements**  
**Qualifications:** Minimum of a Master's degree in counseling or a related field from an accredited university and experience in providing clinical services to individuals from a wide range of backgrounds.  
Interested applicants are suggested to visit the following site for detailed requirements for this position: <http://www.asian-university.org/aboutAUW/job.htm#counselor>  
**Information and Application Process Instructions**  
To obtain more information or submit applications, please contact [nicole.santamaria@asian-university.org](mailto:nicole.santamaria@asian-university.org). Qualified applicants must submit a resume and a list of the names and contact information for at least three references on the application and attach an electronic copy of their letters of application addressing qualifications and experience. Official transcripts from all universities/colleges attended are required upon employment.  
The closing date for applications is December 20th, 2008.
