which in one hand contain the principles and values of the society and on the other addresses the expectations and aspirations of a nation. He said the practice of enlightened thoughts is the driving force for a university and obstruction to this would cause activities of the university come to a dead end. So, he emphasized the need for maintaining congenial academic atmosphere at the educational institutions with highest priority. He said it is the main task of a university to keep the avenues open to help the students share their creative ideas permeated with the spirit of internationalism. "The curriculum, subject assortment and field of research of the universities should be made in such a way so that they are able to fulfill the anticipation of the nation," he added.

The President suggested the faculty members to act as the missionaries of knowledge, spirit and beauty. "You're the mentors of the intellectuals who become the leader of society and you're also to guide the nation in obscurity," he observed. He hoped that the CU in the light of its

old tradition would continue to play due roles in the field of research and knowledge dissemination. He congratulated the graduates who received certificates and hoped that they would engage themselves in the wellbeing of the nation and mankind as a whole in the line and light of lesson and knowledge acquired from the university. He asked the graduates not to let their achievements become 'certificate only' event but to make it significant for encroachment in their respective fields.

The President assured to ask the ministries and departments concerned to address the problems of the university within the shortest possible time. Education and Commerce Adviser Dr. Hossain Zillur Rahman was present as the special guest of the event, Dr. Jamal Nazrul Islam was the convocation speaker while the VC of CU Professor M Badiul Alam spoke about highlighting prospects and problems of the university. Education Adviser said that the country's education system had been operating with many encumbrances in it and it was high time to address the obstacles for the welfare of the nation. He said the qualitative standard of higher education in the country is being questioned though education augmented in quantity.
