Executive Vice Chairperson

Rangs Motors Limited

Red Crescent Borak Tower, Level-10, 71-72, Old Elephant Road, Eskaton Garden  
Dhaka-1000

RANGS MOTORS LTD.

## SANDEE

Call for Research Pre-Proposals-Economics of Climate Change

Deadline January 23<sup>rd</sup> 2009

The South Asian Network for Development and Environmental  
Economics (SANDEE), is a network that uses economic tools and  
analyses to address some of South Asia's environmental challenges.  
SANDEE brings together and strengthens South Asian researchers and  
institutions interested in the inter-connections between development and the  
environment.

SANDEE invites pre-proposals on the Economics of Climate Change. Pre-  
proposals, if accepted, will lead to an invitation to submit a full research  
proposal.

Human activity is altering the earth's climate with serious implications for  
food security, health, biodiversity and natural disasters. South Asian  
countries will need to respond with strategies to both mitigate green house  
gases and adapt to climate change. SANDEE would like to increase its  
support for research on the economics of climate change.

We are soliciting concept notes on the following topics: a) Understanding  
the benefits, cost and distributional impacts of specific adaptation or  
mitigation strategies. b) Examining economy wide impacts of climate  
change policies through the use of macro-economic models. c) Analyzing  
incentives related to international climate mitigation/adaptation instruments  
and climate negotiations. d) Economic analyses of local and regional  
climate problems such as haze and black carbon and strategies to mitigate  
these. e) Increases in extreme events and the economic viability of  
'adaptation instruments' such as insurance, increased natural barriers or  
institutional responses.

SANDEE supports economics research related to environmental problems.  
Thus, pre-proposals that do not have a strong economics component will  
not be considered. Institutional affiliation is required for receiving support.  
Pre-proposals will be evaluated on their academic merit and policy  
significance.

SANDEE will collect proposals throughout the next 12 months. However, in  
order to be considered for our next research competition, please send  
concept notes by January 23<sup>rd</sup> 2009. Grant requests can range from 15 to  
30,000 USD for one to two year grants, but larger proposals need to include  
teams of natural and social scientists. Concept notes can be uploaded on  
the SANDEE website at [www.sandeeonline.org](http://www.sandeeonline.org). Please contact at  
[application@sandeeonline.org](mailto:application@sandeeonline.org), if you have additional queries.
