

REVERING THE SPIRIT OF EKUSHEY

It was the day to revere the spirit of Ekushey. It was the day to place wreaths at the Shaheed Minar. The campus of Dhaka University was teeming with people and the area wore a festive look as men, women and children assembled there to pay respect to the language martyrs. The book fair was packed all day long. Artistes entertained people in cultural programmes. Photography exhibition was arranged based on the events of the Language Movement. A flag procession took place the day before to pay respect to all the languages of the world. It was a day to celebrate all the languages of the world.
