Ideas for healthcare

"The pure work implies the disappearance of the poet of the speaker, who hands over to the words" - *Stephane Mallarme*

We wish all the success on **The Daily Star's** 18th anniversary.

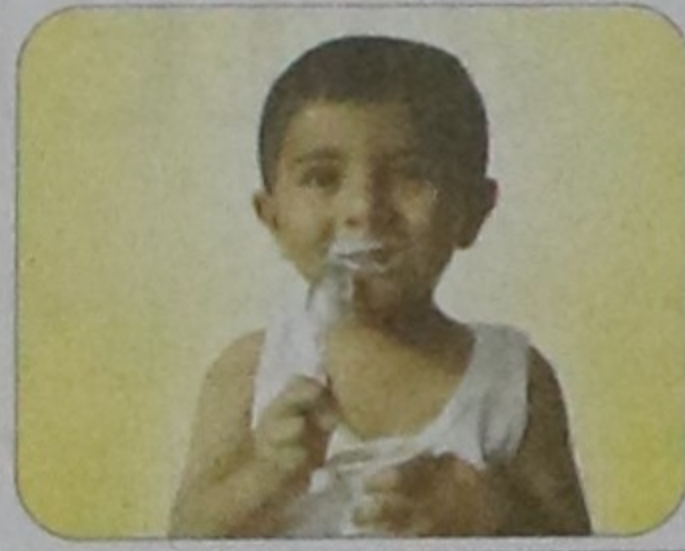

Comes from Australia, where climate and natural resources allow production based on year-round pasture grazing. Australia has over two million dairy cows, producing around 10 billion liters of milk each year. RED COW, the trusted choice of millions of mothers, contains vitamin C, A & D and ensures nutrition for your family.

DIPLOMA is delicious in taste, versatile in cooking and it boosts the vitality that helps you making the most of your day. It is packed with nutrients that are essential throughout your life. Enjoy goodness of milk in a smooth café latte, a nutritious snack or sharing a cheese platter with family and friends.

Originated from Australia. When you think of entertaining with dairy, think about FARMLAND. Because it is one of the most versatile milk powder that easily find a place in entrée, main and, of course, dessert!

Specialty milk from New Zealand, which provides you with all the goodness of milk without 'fat'.

Diabetic and Cardiac patients who have been restraining themselves from consuming milk to avoid milk fat - now can enjoy the taste of milk with PROLENE, because it is non-fat milk powder with high protein and low calorie.

Since its beginning in 1886, Anchor has been an iconic New Zealand brand, synonymous with milk and dairy innovation. Anchor full cream milk powder has IMUCARE™ that is able to enhance both cellular and humoral immune responses.

Anchor contains Iron, Vitamins A, C & D3 that helps to develop brain, body and bones of your children.

Expert in bone nutrition™.

Another specialty milk from New Zealand that helps you prevent bone decay and protect you from the silent killer disease OSTEOPOROSIS.

Anlene™ has essential bone nutrients for developing strong bones. Advanced formulation with Vitamin D supports effective absorption of Calcium and Phosphorus. The revolutionary Phyto - K regenerative formula™ contains Phylloquinone activating special bone protein that binds calcium deep into your bone.

RED COW butter oil, originated from Australia, contains 99.9% milk fat and 0.1% moisture. The pure butter oil available in the market, versatile to add 'Yummy factor' to your recipe.

Pure milk straight from the land of purity
